# OAK BAY MURDER IS SOLVED AFTER GUN FOUND

## Japanese Accuse Russia of Aiding Armies of China

### Ambassador Says Soviet Must Bear Blame If Clash With Nippon Comes

### Litvinoff Points To Other Fliers

MOSCOW (AP)—Japan today protested to Soviet Russia against military assistance which she alleged the Soviet Government was lending to China.

Namoru Shigemitsu, Japanese ambassador, warned Maxim Litvinoff, Soviet foreign commissar, Russia would have to "assume responsibility for the consequences" if such aid were continued.

Japanese sources said Shigemitsu delivered the protest on instructions from Tokio and it was based on two incidents.

Shigemitsu, they said, told Litvinoff a Soviet plane was shot down near Nanking January 26, and two bodies found in the plane were those of Soviet army fliers.

**ONE CAPTURED**

A Soviet bomber was shot down 10 miles northeast of Wuhu March 14, the Japanese said.

Two members of the bomber's crew were killed, but a third, who parachuted down, was captured. He was identified as Mikhail Andreovitch Donin, and was quoted as telling the Japanese he had left Leningrad in October with more than ten Soviet fliers. They flew via Urumchi, in Chinese Turkestan, to Hankow, provincial Chinese capital, where they arrived January 16.

The Japanese said Litvinoff pointed out to the ambassador fliers of various nationalities, including some from the United States, were fighting for the Chinese.

The Japanese, however, insisted the Soviet fliers were in a peculiar position, since both military and civil aviation were under government control in Russia.

For that reason, said Shigemitsu, the fliers in question could hardly be considered volunteers.

## Nelson Buildings Swept By Fire

NELSON, B.C. (CP) — Fire which followed an explosion of unknown origin destroyed an Imperial Oil Company warehouse and gutted an adjoining Shell Oil Company plant here early today.

Damage to the Imperial plant was estimated at $20,000. No figures were available on the Shell loss. No one was injured.

## Japanese Meet Strong Forces

### Three Villages on Central China Front Captured in Nine Days of Fighting

SHANGHAI (AP) — Japanese, advancing under cover of artillery and aviation through smoking ruins and against raking machine gun fire, reported Monday they had occupied Taierchwang in southern Shantung province on the central China front.

It took the Japanese nine days to conquer three small villages in the vicinity of Taierchwang, indicative of the strong Chinese resistance, and eight days to smash through the southern gates of the town.

Casualties were extremely high on both sides. Foreigners estimated there were 20,000 among the Chinese in the battle along the southern Shantung border, now the main centre of the war.

## U.S. WAR GAMES COVER PACIFIC

### Naval Manoeuvres in Great Area From Alaska to the Equator

HONOLULU (AP)—A vast area of the Pacific Ocean extending from Alaska to the Equator and westward 1,300 miles became an arena today for war games of the United States fleet, resuming its annual six-week manoeuvres.

A four-day rest period, preceded by two aircraft tragedies in which 11 naval fliers were killed, ended today with the fleet under orders to continue the strenuous war play, aimed at testing Pacific defences against an invader.

The first two weeks of the manoeuvres were devoted to the defence of Hawaii, supposedly under attack by fleet units representing a hostile force. For the next month, the warcraft will work out problems over a "defence triangle" extending from the Equator to Alaska, protecting the United States mainland from any attack from the west.

## Gen. Franco's Forces Drive Through Towns

**OIL INQUIRY POSTPONED**

OTTAWA (CP)—The Tariff Board hearing on the effect of increased crude oil production in Alberta's Turner Valley on the gasoline industry in Canada, scheduled to be resumed today, has been postponed indefinitely.

### Spanish Loyalists Lose Lerida and Gandesa; Fight to Delay Rebels

HENDAYE, France (AP)—The Spanish insurgent offensive entered its decisive phase today, with General Franco's army striking down the main highway to Barcelona and the Ebro valley to the sea after having taken two immediate objectives, Lerida and Gandesa.

In the fourth week of the offensive and the 21st month of the Spanish civil war, the insurgent legions drove into the vital stronghold of the government militia, hoping to capture Barcelona, the provisional capital.

General Garcia Valino's Navarrese corps and the Italian Black Arrow division moved against the village of Cherta, about six miles from Tortosa.

General Juan Yague's Moorish corps, after entering Lerida Sunday night, threw out advance guards on the road to Barcelona, 80 miles to the east, while mopping up the last bitter resistance within Lerida.

**TWO MAIN LINES**

On either side of these two main lines of attack, the wings of General Franco's forces pushed towards the Pyrenees frontier

## Spanish War Refugees in France

While Franco's forces are driving toward the Mediterranean in a movement designed to cut off Catalonia from the rest of loyalist Spain, refugees, both fleeing soldiers whose units have broken up and civilians of all ages, continue to flood across the Pyrenees border into France. This has given the Paris government a great problem to solve. The above picture, radioed across the Atlantic, is the first received here showing a group of homeless Spaniards who made their way into France. They were guarded by French soldiers, one of whom is seen at the left.

## Halifax Newspaper Says Port's Defences Are All Sent to B.C.

### Chronicle States Only Two Guns Left at Nova Scotia Capital

HALIFAX (CP)—"Halifax is being stripped rapidly of any semblance of defence against possible war-time attackers," the Halifax Chronicle said today in a newspage story. "Within recent weeks almost the entire armament of the city and port has been dismantled and shipped to the Pacific coast.

"Aside from Chebucto Head, where a lonely pair of guns stands on guard for Canada, every battery in and about Halifax is without a gun. Even the Citadel has lost its armament, except for the noon salute cannon.

"From York Redoubt, from Fort Ogilvie, from the Armories, from the Citadel, from MacNab's Island, from the dockyard—wherever a gun was to be found that could still be used—the Department of National Defence has removed all the available machinery of war for the defence of British Columbia.

**SHELLS ALSO SENT**

"The Bedford magazine and all other depots containing shells and ammunition of any kind have been cleaned out. Informed sources state that nothing in Halifax has been spared that might serve to defend British Columbia from a possible invader.

"In future four destroyers will be based at Esquimalt on Vancouver Island, and two at Halifax. It is understood 90 naval families now stationed in Halifax will leave in a few weeks for the west coast, where they will reside henceforth.

"Three years at least will elapse before it will be possible to commence restoration of Halifax defences and four or five years before the authorities will be in a position to increase fortifications beyond the strength hitherto maintained."

## NEW ALBERTA COMPANY TAX

EDMONTON (CP) — Amendments to the Income Tax Act affecting corporations and joint stock companies now before the Alberta Legislature provide for reduction in rates on incomes below $4,000 and increase in rates on incomes above $4,000.

Copies of the printed bill, distributed today, contain no references to wage reductions for payment of income tax by individuals as in the preliminary draft when the bill was introduced.

Previously the act imposed a 5 per cent tax on the incomes of corporations and joint stock companies.

## Pattullo Tells Of Defence Needs

### B.C. Coast Must Be Protected Says B.C. Premier As He Visits Winnipeg

WINNIPEG (CP)—In answer to questions regarding coast defences, Premier Pattullo of British Columbia said here: "We certainly need to protect ourselves."

The Japanese were rapidly increasing in British Columbia, he said, and now totaled 28,000 out of the total population of about 800,000. The Chinese, on the other hand, were decreasing because Chinese women had not been admitted as were Japanese women.

Mr. Pattullo was interviewed as he passed through Winnipeg at the week-end, bound for Toronto.

## Rumor of Tolls Boost Is False

VANCOUVER (CP) — Hon. Frank M. MacPherson, British Columbia Minister of Public Works, said today there were no grounds for a rumor tolls on the new Pattullo Bridge across the Fraser River would be increased.

"There is absolutely no truth in the story," the minister declared. "I don't know how it started. Revenue has been increasing steadily month by month."

## Dr. Hett Practices Again in Ontario

TORONTO (CP)—Dr. J. E. Hett of Kitchener, claimant to a cancer treatment and dropped from the rolls of the Ontario College of Physicians and Surgeons, has been restored to the college rolls and can practice medicine, it was announced today at a meeting of the Ontario Legislature private bills committee.

Chairman D. A. Croll, Liberal, Windsor-Walkerville, read a statement from the medical council that it had reinstated Dr. Hett following his written undertaking he would divulge his treatment to a proposed government-appointed cancer commission.

### Volunteers Not Treated Fairly, Prisoners Tell Correspondent

By ANDRE VINCENT
Havas Correspondent

ZARAGOZA, Spain — George Cunningham, 23, of Toronto, and Paul Dufour, 19, of Montréal—two of 13 Canadians captured by insurgents on the Aragon front in the past week—described their civil war service to this correspondent today.

The 11 other Canadians captured on the Caspe and Aleaniz fronts—along with about 140 other English-speaking volunteers, Britons, Irish and United States, were listed as:

John Croll, Regina; Ernest Mueller, Vancouver; Jules Paivio, Sudbury, Ont.; Walter Sidney, Simon Leslie Wilson, Isaac Matson, Percival Damsse, Frank Blackman, Percy James, Paul Burns and George Hill.

All of them belonged to the 15th (English-speaking) International Brigade, trained at Albacete. The Canadians were

## Chinese-Japanese Fight In California

### Sailors Battle on Ship at San Francisco; U.S. Coastguards Fire in Air

SAN FRANCISCO (AP) — A riot aboard a Chinese freighter in San Francisco Bay in which 17 Chinese sailors clashed with their three Japanese officers, was quelled amid gunplay by coastguardsmen and police.

Port authorities said hatred of the Chinese for their officers flared into fury Sunday over the asserted beating of three sick crew members by the Japanese. The screams of the sailors, echoing over the bay, brought United States coastguard cutter 401 to the vessel.

Capt. Joseph A. Speck and seven guardsmen boarded and fired scores of shots into the air before the fight ended. The three Japanese officers were bruised and battered, and many of the crew bore marks of battle.

Capt. Yoshenosuke Kanwano, First Mate Teinsan Isoo and Chief Engineer Kikumatsu Omoki were removed to a Japanese hotel in San Francisco.

Chinese Consul-General C. C. Huang said that inside the captain's cabin, beaten almost into unconsciousness, were three sick Chinese crew members; the indirect cause of the ship fight.

## MINISTER TO SEE ZEBALLOS

### Residents Will Present Number of Proposals to Hon. W. J. Asselstine

Hon. W. J. Asselstine, Minister of Mines, will make his first visit to the new Zeballos mining camp on the west coast of Vancouver Island next week-end.

The minister said today he plans to fly to the camp and will probably spend Saturday there. Previously he had expected to accompany Hon. A. Wells Gray, Minister of Lands, but Mr. Gray is at present on a tour of the interior and will not return to the coast until April 12.

The local residents of Zeballos have formed a committee and drafted a number of proposals for improvement of the townsite, which they intend to submit to the minister.

**EAST INTERESTED**

Mr. Asselstine, who has just returned from Ottawa, said he had found keen interest among the eastern mining men in the discoveries at Zeballos.

"The eastern people are watching B.C. mining more closely than I can remember for years," he said. "Not only Zeballos, but the operations in the Cariboo are holding their interest."

The minister said he regarded the recent entry of the Connell Mining and Exploration Company into the Zeballos field as an important step toward permanent development of the region. This company has bought into two groups of properties.

"It is the first big move of eastern capital into the area, and it is important to have interested a company like this that has made a success of operations elsewhere," he said.

## M.P.'s Discuss Unemployment

OTTAWA (CP)—A general debate on unemployment developed in the House of Commons this afternoon, led by Hon. Norman Rogers, Labor Minister.

## ALIEN INQUIRY BOARD COMING

### Dr. H. L. Keenleyside Opens Private Hearings in Victoria Wednesday

The Board of Review appointed by the federal government to investigate alleged illegal entry of aliens into Canada will meet in Victoria Wednesday, it was announced this morning.

The board of three, headed by Dr. H. L. Keenleyside of Ottawa, will sit at the immigration building near the outer wharf.

Persons having information about alleged illegal entry of foreigners into Canada have been asked to appear before the board. The hearings are in private.

Sittings will be held here Wednesday, Thursday and Friday.

Appointment of the alien inquiry board followed protests from British Columbia that Japanese were believed to have come into the province contrary to the "gentleman's agreement" limiting Japanese immigration to 150 persons a year.

## Noisy Scene Staged In British Commons When Member Hit

### R. T. Bower, Conservative, Struck By E. Shinwell, Labor, in Hot Exchange

By GEORGE HAMBLETON
Canadian Press Staff Writer

LONDON—Emanuel Shinwell indignantly strode from the opposition front bench today, crossed the floor of the House of Commons to the Conservative side, and with the flat of his hand, struck Commander Robert T. Bower a resounding smack on the left cheek. The sound of the blow echoed through the astonished chamber. Then uproar began.

It was a question over an application from an assistant secretary on the Duke of Alba's staff for exemption from the five shilling driving license that led to the trouble. Richard Butler, undersecretary for foreign affairs, gave a detailed reply in which the position was taken that the government was not granting diplomatic status to the Duke of Alba, General Franco's agent in London.

"Isn't it a piece of humbug?" Mr. Shinwell shouted.

"Withdraw! Withdraw!" the government back benches protested.

The Speaker, Rt. Hon. E. A. Fitzroy, rose to quell the rising tumult.

"If the honorable gentleman persists in telling half truths it is the only way to describe it," Mr. Shinwell hotly returned.

Then Commander Bower, whose interruption could not be distinctly heard, was understood to tell the Labor member to go "back to Poland."

Mr. Shinwell immediately strode across the floor and struck Commander Bower in the face. The Conservative remained seated and did not attempt to return the blow. His colleagues all around shouted protests.

"Is it in order," a Conservative member appealed to the Speaker, "for a member of the opposition front bench to cross the floor and grossly assault an honorable member?"

## NAZIS REGISTER IN GREAT BRITAIN

LONDON (CP) — The News Chronicle, Liberal, sees in Germany's scheme to register Germans living in Great Britain alarming implications that Nazi terror may be extended from Vienna to England.

"It comes perilously near to interference in the affairs of another state," the paper declared today. "What will be next? A demand for autonomy for British Germans?"

## Inquest Will Be Held Tomorrow

Chief John Syme, of the Oak Bay Police, announced this morning the murder of Sidney W. Colebourne, 43-year-old rigger, had been solved. He refused to name the person or persons implicated but said an arrest would be made on completion of the police investigation and the piecing together of the evidence by Inspector J. F. C. B. Vance, Vancouver criminologist.

Colebourne was murdered early Friday morning when a bullet pierced his forehead while he lay asleep with his wife and five-year-old daughter in their three-roomed home at 2230 Bowker Avenue.

Chief Syme's announcement followed discovery yesterday morning of a .38 calibre Smith and Wesson revolver, cached in the chimney of the Colebourne home, and the dead man's wallet in a roasting tin hanging on the kitchen wall. A diamond stickpin reported missing was also found.

Discovery of the wallet has discounted a theory that robbery might have been a motive for the slaying. It is suggested Colebourne may have placed the money in the roasting tin for safe keeping before he retired on Thursday night. He was paid the day before he was murdered.

**NO FINGERPRINTS**

Covered in soot and ashes the gun was found lodged in the chimney within arm's reach of the thimble for the stovepipe of the living-room heater. Although police examined the weapon closely for fingerprints all marks had been obliterated by soot.

In the wallet the missing money was found intact, together with cards which identified it as Colebourne's.

Last night Chief Syme and other officers and legal advisers continued their questioning of Mrs. Colebourne, confined to the women's quarters at the city jail under the supervision of a police matron.

The results of this questioning were not disclosed.

A considerable part of the police's story of the crime is expected to be laid before the coroner's jury tomorrow morning at 11, at Hayward's B.C. Funeral Parlors, when the inquest opens. Inspector Vance will return to the city to give evidence at this inquiry.

Inspector Vance's task is to build up the connecting links of the crime and to determine whether or not the bullet taken from the head of Colebourne was discharged from the revolver found in the chimney.

**REMOVE BULLET**

The bullet was removed Saturday night during the post-mortem examination by Dr. J. H. Moore. At first glance it was impossible to determine its calibre and this important fact will await examination by a ballistic expert.

At police headquarters Mrs. Colebourne was reported considerably improved physically. Her only visitor was her father, William Sawyer.

Hundreds of Victorians viewed the scene of the crime yesterday and watched as Oak Bay police carefully raked the yard in an effort to find bits of evidence.

In the search of the house during which the gun and wallet were found, every conceivable hiding place was examined and the premises thoroughly searched for fingerprints. Photographers were on hand to take shots of the various sections of the house before they were altered during the search.

**BOGUS COIN CHARGE**

VANCOUVER (CP) — Police today held a man for investigation in connection with three separate reports of shopkeepers that a man had passed a counterfeit 50-cent piece. In every case the man had tendered the bogus half-dollar for a 10-cent package of cigarettes.

# ELECTION CALL DENOUNCED

## Now Is Not Time For Polling in Britain, Chamberlain Tells Commons

LONDON (CP)—Rt. Hon. Arthur Greenwood, Labor, opening a debate on foreign policy, charged the government with "permitting the people of Spain to be butchered to make a Roman holiday."

He said "the principles of millions of our people who have consistently supported a policy based on the League of Nations and collective security are being sacrificed."

Mr. Greenwood called Premier Mussolini's speech of last Wednesday one of "brag, bluff, braggadocio and cowardice."

(The Italian premier on that day presented a detailed picture of Italy's war machine.)

Sir Patrick Hannon, Conservative, asked the Speaker if it were permissible to make such a reference to "the head of a friendly state."

Warily the Speaker replied: "I am afraid if I had to spend my time correcting what members said about friendly states I should have none left."

Mr. Greenwood continued:

"Liberty in Europe is being murdered and the Prime Minister is the undertaker waiting to bury the corpse.

"Austria's name has been wiped off the map of Europe. Let that be admitted, but Germany's shame will never be blotted out of the pages of history."

**DUCE TRICKED**

Mr. Greenwood said Hitler had tricked Mussolini in the Austrian coup, but neither of them would ever relinquish his grip on the Mediterranean secured in Spain."

Prime Minister Chamberlain said the government's foreign policy had won "approval not only of the country, but also practically the whole world, with the possible exception of Russia."

The opposition shouted: "Tripe! Tripe!"

The Prime Minister said that since he had given a full statement on foreign policy less than a fortnight ago, "it would serve no useful purpose" to repeat it today.

Mr. Chamberlain ridiculed the opposition's motion of censure and demand for a general election. He said his opponents did not really want an election, knowing they would be beaten.

**ARMS PROGRAM**

"This is no time to disturb the country by a general election, when it is in the throes of its armaments program," the Prime Minister said.

He declared the cabinet had no intention of changing its policy of nonintervention in Spain. If that were scrapped, he said, there would be a "flood of arms, munitions and men to Spain from the sympathizers of each side.

"You would have sinkings of ships. You would have perhaps naval battles, and a European war would have begun."

# Pattullo Urges One Income Tax

WINNIPEG (CP)—Opposition to the Dominion invading the income tax field of the province was expressed by Hon. T. D. Pattullo, Premier of British Columbia, who passed through Winnipeg during the week-end on his way to address the Toronto Empire Club on British Columbia and Confederation.

"If you had a well-stocked larder and another fellow came in and tried to push you out, you would object," he said. "That's how we feel about the Dominion invading our field of income tax.

"British Columbia has levied an income tax since 1876. The Dominion didn't come in until 40 years later. If the Dominion did not levy an income tax in the province, we should not have to borrow a cent from them for relief. Our surplus this year will be some $3,000,000, largest in the history of the province, but it will all be eaten up in relief costs."

# No Church Statement on Nazis' Plebiscite

BERLIN (AP)—The Catholic clergy made no mention in churches yesterday of next Sunday's plebiscite on Austro-German union.

Even at Fulda, where D.N.B., the official news agency, Saturday issued a declaration appealing for an affirmative vote which it said Dr. Johnnes Baptist Dietz, co-bishop for the Fulda diocese, would read Sunday, there was silence on the subject of Austria.

# Escaped Convict Is Recaptured

WINNIPEG (CP) — Frank Shura, one of three convicts who made a daring break from the Stony Mountain penitentiary on the foggy morning of March 10, was captured without a struggle Sunday night in a Winnipeg residence.

The only one of the escaped trio still at large is Arthur Wurch, 34, who was serving a six-year term imposed in 1936 for bank robbery.

# British Consul Sent to Vienna

## But London Does Not State Its Policy on Treaties of Old Austria

LONDON (CP-Havas) — Announcement in Berlin Saturday that Great Britain had recognized the Austro-German anschluss and had decided to transform its Vienna legation into a consulate-general was interpreted Sunday night as placing in effect government declarations on the Austrian problem.

Dispatches from Berlin said Sir Neville Henderson, ambassador to Germany, had handed two notes to Foreign Minister Joachim von Ribbentrop. The first said the British government had decided to withdraw its legation in Vienna and replace it with a consulate-general and requested agreement for the appointment of D. St. C. Gainer, now consul-general at Munich, as consul-general in Vienna.

(The second note declared the British government reserved "its attitude toward all those questions in respect to treaties and other matters which result from the fact that Austria has ceased to exist as a soverign and independent state.")

The action was regarded as confirmation of the government's policy in the light of recent declarations before parliament by Prime Minister Chamberlain and Foreign Secretary Lord Halifax, who both said there was no question of not recognizing the anschluss.

Opening of the consulate-general in Vienna was regarded as justified in view of the importance of British interests in Austria.

# CUSTOMS AND EXCISE GAIN

## Collections in Canada Up $44,701,518 in Fiscal Year Ended March 31

OTTAWA (CP) — Hon. J. L. Ilsley, revenue minister, today announced preliminary figures for the fiscal year ended March 31 showing customs and excise collections at $319,046,054, a gain of $44,701,518 over the 1936-37 fiscal year.

The minister's statement said largest receipts were derived from excise taxes, which climbed to $174,451,397, a net gain of $28,862,023. Customs duties amounted to $91,636,781, a net increase of $9,584,821, while excise duties totaled $52,162,117, a net increase of $6,191,051. Sundry collections totaled $795,758, a net gain of $73,622.

Receipts for March were $21,855,889 against $23,408,163 in March, 1937, a drop of $1,552,274. Net receipts in detail were: Customs duties $6,468,639, decrease $1,354,865; excise taxes $11,432,381, decrease $457,151; excise duties $3,886,287, increase $247,178; sundry collections $68,582, increase $12,564.

# Man Held For Torture Deaths

## Prisoner Questioned on Killing of Woman and Daughter Near Van Horn, Texas

ALAMOGORDO, N.M. (AP)—New Mexico state police today were holding a man for questioning by Texas state authorities in connection with the slaying of Mrs. Weston G. Frome and her daughter near Van Horn.

The man was taken into custody by State Police Officer C. S. McCasner, who said he would hold him on a technical charge until Texas officers could question him.

The suspect, whose name was withheld, was reported to have been driving a car with bloodstains and bearing Oklahoma license plates. It was said the car was a stolen one.

State police said the man apparently was a narcotic addict.

EL PASO, Texas (AP)—The bodies of Mrs. Weston G. Frome, 46, and her 23-year-old daughter, Nancy, bearing evidences of "horrible tortures," were brought to El Paso today from the mesquite and mountain country of west Texas, where the women were slain and buried in shallow red soil.

Dr. W. W. Waite, who performed an autopsy on the bodies, said:

"Both of the women had been victims of what must have been horrible torture.

"Then had been beaten, tortured and shot. The knuckles of the girl's right hand were burned, either with a cigar or cigarette."

Flesh was missing from the right forearm of Mrs. Frome. Dr. Waite said it looked as if it had been bitten out.

"Some one had jumped on the girl until her diaphragm had been ruptured," he said. She had been shot in the left temple.

Meanwhile, one slender clue to the killers—a bit of hair found in the hand of Nancy Frome—spurred on the police hunt for those suspected of robbing and slaying the two women five days ago.

The husband was in Pecos today, and was expected here this afternoon to take charge of the bodies.

**WIDE AREA SEARCHED**

VAN HORN, Texas (AP) — Peace officers scoured the sun-baked west Texas brush country today for the killers who tortured a socially prominent Berkeley, Calif., woman and her daughter, clubbed them to death and left the partially stripped bodies side by side on the desert.

Dr. W. W. Waite said he did not believe the older woman had been criminally attacked, but that he was withholding his report in the daughter's case pending further examination.

# Clergymen Hit Back at Hepburn

TORONTO (CP)—Premier Hepburn's references in the Ontario Legislature last week to clergymen who opposed sweepstakes were answered Sunday by ministers in many Ontario churches. Many pastors said the Premier's utterances were "disgraceful."

In Chatham, Rev. Dr. John Coburn of Toronto said in a sermon: "Our Premier seems to be lacking in appreciation of the ordinary decencies of public life."

During debate on a resolution, subsequently adopted by the Legislature, approving operation of sweepstakes for charity, Premier Hepburn last week said many ministers who opposed sweeps were "hypocrites."

# Farmer Thought He Owned Battleship

LOS ANGELES (AP)—"I just bought this boat," a retired Midwest farmer told an officer aboard the United States battleship New Mexico.

"How's that?" queried the officer.

The farmer explained a stranger in uniform had told him the ship was for sale—for $500. The officer soon disillusioned him.

# Wife Eleven Years Old Is Mother

BROWNVILLE, Pa. (AP)—An 11-year-old mother and her two-day-old baby were "getting along nicely" today in a Brownsville hospital. The baby, a five-pound girl, was born normally Sunday to Mrs. Catherine Nowden, child wife of James Nowden, 27-year-old miner of nearby Labelle.

VANCOUVER (CP) — A man walked along a downtown street here early today carrying a large upholstered chair. A short time afterwards he was in the police station.

Bev Davis, manager of the Castle Hotel, had reported the chair as one stolen from the hotel's lobby.

# APPEALS IN STORK DERBY

## Mrs. Kenny and Mrs. Clark of Toronto Ask Supreme Court For Share of Money

TORONTO (CP)—Notices of appeal against a decision throwing out their claims to part of the $500,000 Charles Vance Millar stork derby prize were filed here today by attorneys for Mrs. Lillian Kenny and Mrs. Pauline Mae Clark. The appeals are to the Supreme Court of Canada.

Mr. Justice W. E. Middleton, whose decision is disputed by the two mothers, disallowed Mrs. Kenny's claims on the grounds three of her children were stillborn and therefore ineligible. He held Mrs. Clark's claims did not stand up because five of her children were illegitimate.

Four mothers who registered nine births in the specified 10-year period following Millar's death were adjudged winners of the baby race by the Ontario Supreme Court judge. They are Mrs. Annie Smith, Mrs. Kathleen Nagle, Mrs. Lucy Timleck and Mrs. Isabel MacLean.

Mrs. Kenny's notice of appeal, filed by I. E. Weldon, K.C., is on the grounds Mr. Justice Middleton erred "in holding certain of the plaintiff's children were stillborn and not eligible to be counted under the terms of the will and the Vital Statistics Act."

It adds the judge erred in holding that stillborn children should not be counted.

Mrs. Clark's appeal is on the grounds Mr. Justice Middleton erred in finding five of her children were illegitimate since they were "born in wedlock."

As did the four winning mothers, Mrs. Kenny and Mrs. Clark each claimed nine births in the specified period.

# Man's Acts Are Traced By Police

VANCOUVER (CP)—An East Indian walked into the Vancouver police station last night and said he had heard he was wanted in connection with the attempted extortion of $10,000 from Kapoor Singh, wealthy East Indian lumberman, here last week.

He was booked for investigation.

Meanwhile police held Neman Singh on a charge of attempted robbery with violence in connection with the case. He appeared in police court Saturday and was remanded until April 8.

# SALES LAWS TO BE EXTENDED

VANCOUVER (CP) — British Columbia's legislation governing retail merchandising is well on its way to being adopted in most of the provinces of Canada, George R. Matthews, British Columbia secretary of the Retail Merchants' Association, said here today on his return from the east.

The secretary said the R.M.A., at its annual convention in Ottawa in March, had endorsed "in principle" the Food Products Minimum Profits Act and the Retail Sales Act, passed at the last session of the British Columbia Legislature.

The former act makes it illegal to sell any food products for less than 5 per cent above cost. The latter bans the use of "loss leaders."

"I am surprised and delighted at the quick growth of the movement across Canada," Mr. Matthews said.

Travelling advertisements for modern merchandise . . . that's what they call these big, smartly streamlined Chevrolet trucks, and that's why you see so many of them carrying the names and trade marks of Canada's great commercial organizations throughout the land. But there are other important reasons why big business thinks highly of Chevrolet trucks. For example: (1) There's the record of this famous line, in dependability, adaptability, and economy. (2) Its consistent price leadership. (3) The unequalled and nation-wide parts and service facilities it makes available to owners. WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk.

A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

In 1930 he was married to Miss Faith Monk, elder daughter of Col. and Mrs. T. B. Monk of Victoria.

# CROWD FIGHTS IN MONTREAL

### Question About Fascists in Canada Causes Uproar

MONTREAL (CP)—Police were called Sunday to restore order at a meeting they described as anti-Communistic. Arrival of the police put a stop to fighting which had been going on in a hall on north-end Mount Royal Avenue. No one was hurt and there was no damage.

Officers said there were close to 1,000 people in the hall and that fighting broke out when someone yelled: "Are Fascists in Canada going to be like those in Spain and murder innocent women and children?"

## Common Stocks Lower in Price

OTTAWA (CP)—The Dominion Bureau of Statistics investors' price index for 96 common stocks stood at 92.5 for the week ended March 31, a drop of almost seven points from the previous week. Last year it was 144.4.

There was a decline also on Canadian mining stock markets. The Bureau's price index for 24 mining issues fell to 125.1 for the week ended March 31 from 129.3 the previous week. For the corresponding week last year it was 169.5.

The index for 21 gold stocks dropped a point from 106.1 to 105.1, while last year it was 131.1. The index for three base metals dropped 18 points to 206.8 from 224.8. last year this index stood at 328.9.

## Bishop Sees Disintegration

### Rt. Rev. J. C. Farthing, Montreal, Warns Democracy in Danger

MONTREAL (CP) — Destruction of democracy and moral bankruptcy of the nation if prevailing corruption should continue were predicted Sunday by Rt. Rev. John C. Farthing, Anglican Bishop of Montreal, in a letter to Prime Minister King and political leaders within the episcopal jurisdiction of the bishop.

The letter, addressed to "My fellow 'Ministers of God' who serve the state," declared "our democracy seems to be drifting towards the rocks."

The bishop, who addressed his letter to some members of Parliament, Premier Duplessis and members of the Quebec Legislature, Mayor Adhemar Raynault and members of Montreal city council, said the morale and morals of the people were being lowered.

All political leaders, parliamentary and Legislature members within the episcopal jurisdiction of the bishop were included in the address. Had he addressed the letter to those in other provinces, the bishop said, he would be intruding on the jurisdiction of brother bishops.

**CHRISTIAN COUNTRY**

"Although Canada grants the rights and privileges of citizenship to those who are not Christians, she is nevertheless a professedly Christian country, and the principles of Christ are the ideals by which she is supposedly governed," said the letter.

Democracy thus was the "greatest, noblest form of government, providing . . . each lives for all and all care for each . . . but without the inspiration of such an ideal, democracy must perish. Our democracy seems to be drifting towards the rocks; for, where there is no vision, the people perish; and we have no common ideal to unify and inspire us; on the contrary we see a divisive and disintegrating force working mightily among our people. Provinces, sections within provinces, special groups and individuals are pulling every possible wire, using every known device to gain their selfish ends and, alas, some who profess to be leaders cater to this unadulterated selfishness for their own individual and partizan profit. Too often in seeking the material welfare of the people, we lose sight entirely of the further and greater things of our social life. . .

"Let us all frankly admit the fact that the moral tone of our people is being lowered, and that corruption does exist . . .

**NO MORE INQUIRIES**

"I am not suggesting legislation, nor do I ask for more probes. We have washed enough dirty linen in public without attaining results. Rather let us throw out all our dirty linen and get in new and clean linen, and keep it pure and white. . .

"There is a rising tide of indignation against the lowering of moral standards in public, commercial and private life . . . We need and appeal for your helpful co-operation to foster the development of this spirit, and to awaken the conscience of our people. This is just as much your duty to do as it is mine."

### Police Twice Break Up Assembly; Throng at Consulate

TORONTO (CP) — A noisy crowd of anti-Fascists demonstrators, marching from Queen's Park to the Italian consulate here in defiance of a city no-parade of the stamping hoofs of police Saturday. Officers broke up the parade and later dispersed the reconvened crowd in front of the consulate.

No one was hurt in the milling and jostling as nearly 1,000 persons pushed to get out of reach of the stamping hooves of police horses. But police arrested Joe Sax outside the consulate on a charge of obstructing police.

Earlier Inspector Edward Vernon had seized placards from two pickets marching in front of the German consulate. The placards protested the invasion of German troops in Spain. No charges were laid against the pickets.

Leith MacMurray, secretary of the city communist committee, said he slipped through police lines outside the Italian consulate and delivered a resolution condemning Italian Fascist invasion of Spain.

# Freedom of Press Faces Challenge

### Ideals of Democracy Tested, Says A. R. Ford of London, Ontario

ST. THOMAS, Ont. (CP)—The freedom of the press is challenged today as it never has been before, and with it the ideals of liberty and democracy dear to the hearts of all Britishers, Arthur R. Ford, managing editor of the London, Ontario, Free Press, told a church class meeting here Sunday.

He said: "We are too prone to accept as a matter of course our uncontrolled press and its free and untrammelled news service and its right of comment, without realizing that these liberties, along with those of free speech, assembly, the right to worship according to our own conscience and impartial justice were handed down to us as a result of hundreds of years of struggle by our forefathers."

## Austrian Prison Camp Is Burned

VIENNA (AP) — Nazis in a huge demonstration Saturday night burned down a part of the Wallersdorf concentration camp—a symbol of what they called "Von Schuschnigg tyranny."

Before the fiery backdrop, Joseph Buerckel, director of the Austrian-German plebiscite campaign, spoke of the previous "terrorism."

In the Wallersdorf camp thousands of Nazis had been incarcerated before the fall of Chancellor Kurt von Schuschnigg.

NICKEL ALLOYS CHECK WEAR, RUST, BREAKAGE

DOWN THE STEEL RACETRACK where clumsy locomotives once lumbered haltingly, a slim shaft of silver speeds at a mile a minute.

Breakage, rust, wear and excessive weight slowed down train schedules in early days. Breakdowns were frequent en route. Endless hours were spent in the shops replacing broken, worn-out, rusted or burnt-out parts.

Then came the age of speed. Faster schedules called for higher steam pressures. Nickel Steel, a third stronger than carbon steel, gave even greater safety at high pressure with no increase in weight. The use of Nickel Steels spread to other parts subjected to the strains, jars and poundings of daily runs. Nickel Cast Iron was used to stand up against wear and corrosion. Trains became lighter and speedier—but stronger and safer.

Some of the newest trains are entirely encased in a tough layer of stainless steel so thin it would quickly rust through were it not for the 8% Nickel it contains.

Canadian Nickel has reduced operating costs on railroads all over the world. The increased use of Nickel from Canadian mines helps to keep Canada prosperous. Millions are paid out by the Nickel industry each year for wages, supplies, freight, power and other expenditures.

## An Exhaustive Report

IN ITS REPORT JUST SUBMITTED FOR the consideration of Parliament, the National Employment Commission has recommended the establishment of a Dominion-wide system of unemployment insurance—already projected by the government of Mr. Mackenzie King — together with a supplementary plan for unemployment relief. The commissioners seem to be agreed that these two proposals, if adopted, would furnish part of the remedy for Canada's major problem.

The report recognizes the various factors which militate against assumption by the federal authorities of the full responsibility for unemployment assistance. The commissioners observe that this step would necessitate determination by the Royal Rowell Commission on Dominion-Provincial relations of the financial basis for such a system "and, in the light of all relevant considerations, of the wisdom of further constitutional financial changes." It is explained this way:

The National Employment Commission does not consider it to be within its competence to express an opinion on these changes, other than to record its considered judgment that if financial and constitutional considerations should permit, the co-ordination of a nationally-administered system of unemployment insurance and employment offices, buttressed by a similarly administered system of unemployment aid, would have decisive advantages over the present system in coping with problems of employment and unemployment.

The commission was composed of seven members, headed by Mr. Arthur B. Purvis of Montreal. Its final recommendations were concurred in and signed by all seven of the personnel, but Mrs. Mary Sutherland of Vancouver, the only woman commissioner, included her own reservation, which dissented from the view that distress arising from unemployment should be a federal responsibility. She feared that results flowing from this policy would place burdens on the Dominion that conceivably might be better cared for by provincial and other local governments. The federal government, it will be recalled, already has asked the provinces to sanction an application to the Imperial Parliament for an amendment to the British North America Act, the written constitution of this country, to bring unemployment insurance within the jurisdiction of the Dominion.

One of the commission's unanimous recommendations is: The urgent need for early action to provide low-rental housing. We are told by the commissioners that the revival in house building has not kept pace with improvement in other lines of industry, and the report attributes this condition to: 1. The high cost of building a home, generally far beyond the cash resources of the would-be owner. 2. Difficulty of retrieving an investment in a house, if circumstances require the owner to sell it. 3. Uncertainty as to the continued desirability of certain neighborhoods as places to live. 4. High real estate taxes, involving possibility of loss of the whole investment. One of the interim reports submitted by the commission, by the way, was that recommending the home-improvement plan, which is now in operation and is apparently proving successful. The four points of difficulty to which the commissioners refer, however, are fully appreciated in cities like Victoria—as a municipal problem of the first magnitude.

The report furnishes an enormous amount of material for intensive examination by the people of Canada as a whole as well as by the Dominion and all other governments of the country. Its exhaustive nature, and the obvious painstaking manner in which the information has been gathered from all parts of Canada and presented, reflects the thoroughness of the labors expended by the commissioners. Their submissions unquestionably have furnished something in the nature of a new standard work on Canada's major problem. For it will have to be admitted that unemployment in this country is no mere passing phase. It is a permanent condition—as it is in other lands—and its amelioration or irritation from time to time will depend upon the nature of its treatment.

## Boa Constrictor Hitler

ALTHOUGH MR. WINSTON CHURCHILL was one of Prime Minister Chamberlain's bitterest critics following the resignation of Mr. Eden, this colorful member of the House of Commons seems fairly well satisfied with his leader's comparatively plain statement of foreign policy.

At the same time, the former Conservative-Liberal-Constitutionalist and now Conservative statesman points out that the "Nazification of the whole of the Danubian states is a danger of first capital magnitude to the British Empire," a danger, he might have said, which may lie nearer the present situation than appears on the surface.

As Mr. Churchill, remarks, however, "after a boa constrictor has devoured his prey, it often has a considerable digesting period." Europe may hope that Reichsfuehrer Hitler's political table manners will not include further "bolting."

## Yes, What Next?

GERMANY PROPOSES TO REGISTER all Germans living in Great Britain. The News-Chronicle today sees "alarming implications" in this and suggests that an extension of the Nazi terror from Vienna to England may be contemplated by the gentlemen in control at Berlin. "It comes perilously near to interference in the affairs of another state," says the newspaper. "What will be next—a demand for autonomy for British Germans?"

There is no knowing what the Hitler-Goering combination has up its sleeve. It has got away so far with practically everything upon which it had set its mind. Herren Hitler, Goering and Ribbentrop naturally chuckled when Mr. Eden was forced out of the British cabinet to make way for Viscount Halifax in the Foreign Office. Grabbing Austria, of course, was a mere bagatelle. Berlin obviously knew that Downing Street would "look the other way." The new "invasion technique" has been planted in Czechoslovakia—and quite likely in Hungary and Roumania—in order to give it a chance to "germinate" by the appointed time.

So the Chamberlain government must not be surprised if the ambitious young Reichsfuehrer and his corpulent Goering "bad man" sooner or later try another experiment with Great Britain. The only obstacle there, however, is the latent temper of the British people. No government at Westminster dare trifle with this with impunity, that is, unless it is looking for real trouble.

## Suez Canal Rivalries

MUSSOLINI IS DEMANDING REPRESENTATION on the board of directors of the Suez Canal Corporation. According to the original treaty under which the Mediterranean and Red Sea were connected, the canal will revert to Egyptian ownership in another 30 years. Cairo is anxious to take over administrative duties as quickly as can be arranged and the possibility of an Italian interest is not considered helpful. At present Great Britain owns only 44 per cent of the shares, but she contributes more than half of the canal's shipping revenues.

It has already been decided by the Canal Corporation that Egyptians are to be elected to the board from now on as fast as vacancies occur until the Cairo government holds a full one-third control. A like percentage of the employees are also to be Egyptians under this understanding. King Farouk and his cabinet are not averse to using the Italians as far as they can against the British, but they want to use them to get a firmer hold on Suez—not to let more fingers into the pie.

## Life at 21

TWENTY YEARS MEAN MANY THINGS to many people. To a New York mother and her son 20 years meant the difference between life and death. Weary, jobless Molly Wish had found life unbearable. A nurse with two decades of caring for the ill and suffering, Molly Wish had seen all she wanted of a world that not only was not lovely and kind, but which held no hope for her.

She sat across a table from her son, Leonard. Like his mother, Leonard was jobless, discouraged, tired of living. Molly and her son each held a glass that contained poison. They had agreed to take their lives together. Molly drained her glass, stumbled into the next room to die. Leonard held his a moment fascinated, stared after his mother, lifted the glass and then let it slip to the floor.

The next day they buried Molly, but Leonard kept on living and will keep on, because Leonard was 21 and the difference between 21 and 41 meant hope and life and faith to Leonard—all the things that youth means and 20 years had taken from his mother.

## Youth and Nature

ON WEDNESDAY OF THIS WEEK THE Society for the Preservation of Native Plants of British Columbia will display in the Chamber of Commerce auditorium the competitive efforts of poster appeals by the school children of Victoria. The subjects chosen by these budding artists are intended to draw the attention of the general public to the need to prevent fires in the forests and the parks so that plant life in all its infinite variety may be spared needless destruction. The Society is fulfilling a worthwhile mission in enlisting youthful enthusiasm, encouraging an understanding and appreciation of Nature's bounty, by the means it has chosen. It is to be hoped this will be recognized by a good attendance at the display on Wednesday. It will assist the sponsors and hearten the competitors alike.

Latest decree is that clothes of the well-dressed man should be unpressed. That is a new wrinkle.

All instruments in Germany will soon be tuned alike, by government command. Just like the people.

### GOLD HUNTERS WARNED

From San Francisco Chronicle

Warning to California prospectors for gold to pay no attention to reports of a rich gold strike at the Zeballos camp on the west coast of Vancouver Island has been received by Walter W. Bradley, state mineralogist, from John F. Walker, Deputy Minister of Mines for British Columbia. The latter says that residents of the province have made "irresponsible statements" regarding the richness of the strike, and that while the camp is an important discovery, the area has been largely staked and, because of climatic and underbrush conditions in the area, only the most seasoned prospector stands any chance whatever of any degree of success.

## Loose Ends

By BRUCE HUTCHISON

*PULLMAN PORTER*

PERHAPS in your dim, urban fashion you may have noticed that it has been cold these last few nights. Perhaps you have even suspected frost. But you don't know frost unless you live in the country. Even then you don't know it unless you own a peach tree. A man who owns a peach tree is more sensitive to frost than a thermometer. You can almost tell the temperature by looking at him.

These days he looks pretty sad. It is the season of peach blossoms, and frost has struck into the middle of it, cut these poor, tender flowers to the quick, ruined the prospect of a peach crop. But your peach tree owner is not easily beaten. He fights to the last ditch against the powers of nature itself. Look at me. I have hung every old sheet I could find and some new ones over my peaches every night. I have rushed out and tucked them into bed before retiring myself. On a windy day I have gone out and changed the sheets as enthusiastically as a Pullman porter. I dare say no Pullman passenger ever had his sheets changed as often as my peaches, morning and night, as the sun rises and sets.

And another thing. The frost has discouraged the bees. There is nothing like a little frost to discourage a bee. Give it one whiff of frost and it goes on strike for a week. The bees are on strike now. They lie at home like you urban dwellers. They won't work. They won't search out the blossoms and burrow into them and get their wings yellow with pollen, fertilizing the peach flowers. If the bees don't hurry up soon, all my sheets will be wasted. There will be no peaches.

Nature is funny that way, needs a lot of attention and entertainment. So you have to take the bee's place if you own a peach tree. You steal a paint brush from a child next door; you take it secretly when the child isn't looking, and you thrust the paint brush gently into the peach blossoms until it is yellow with pollen and then you thrust it into another blossom, transferring the sacred, priceless yellow dust, which is the germ of life. If you do this systematically enough you get results. You probably kill the blossom.

Meanwhile I am just a Pullman porter changing sheets, just a human bee, wallowing in pollen and getting no honey for my trouble.

*NO MRS. HITLER*

ONE of America's greatest authorities on styles has lately entered the field of prophecy and international politics by announcing in this and other newspapers that there will be no war. She knows this because the women's skirts are getting shorter. It is a sure sign, she says. Whenever women's skirts get short you can be sure times are improving and there will be no war. Always war comes when skirts are long and women's styles dull and depressing. This, she says, is because women sense the coming of trouble and immediately go into dull styles and cut their skirts longer.

This was a sound theory so long as ordinary men were making wars. But how much does Hitler care for styles? He has no wife. He never has to buy a woman new hats in the spring and fur coats in the fall. He pays no attention to styles and will make war when he pleases.

Of course, if Hitler were a sensible married man there would be a lot less trouble in the world, anyway. What the world needs is a good strong-minded Mrs. Hitler, who would take no nonsense from Der Fuehrer. It is a tremendous thought that if there had been a Mrs. Hitler the world might have been at peace today, Austria might be free.

If only Hitler could have come at night, after conquering a province, and have his wife ball him out for forgetting to change his tie, how much more comfortable Europe would be! Probably there is only one man alive who is capable of analyzing Hitler and finding out what is wrong with him. That is Dr. Freud of Vienna, and they are evidently going to murder him before he can complete this valuable job.

Just and reasonable men of goodwill can settle any controversy peacefully unless religion gets mixed in it.

No wonder Jap officials hate an Englishman. They are impudent to show their importance, and he is annoyed instead of awed.

### THE HITLER STATE

From New York Herald Tribune

The Third Reich has undoubtedly revived the spirit and self-confidence of Germany; it has restored the nation to the role of one of the three or four greatest of the great powers; it has clothed it with an armed power which others may not trifle with and used this might to win one diplomatic victory after another upon the European stage. At home it has not merely silenced opposition but largely dissipated it; and it has "solved" many other problems by abolishing them, as, for example, it has ended unemployment by forced labor. There are considerable gifts for any system of government to bring to its people. Are they enough to make the Third Reich a practicable and permanent system of social organization?

The arresting fact is that precisely as Nazi Germany has expanded in international power the answer, to the democratic peoples, has seemed more and more clearly in the negative.

It is not merely that totalitarian Germany has given us a new sense of the precious value of liberty, but that the system itself, whether one likes it or not, seems less and less efficient. It pays with inflexibility for every gain in organization; it pays with a diminished real security for every diplomatic victory; it pays with economic and social instability for every stratagem of "leadership."

The world may have to live for a long time with the Third Reich and the other totalitarianisms, for they possess great elements of strength, but that the future belongs to them it is no longer possible to believe.

## Confederation Clinic

J.B.M.'s editorial comment in the Winnipeg Free Press on Rowell Commission sessions.

EDMONTON—The Alberta Legislature stayed grimly by an earlier decision instructing the Aberhart Government to have no truck or trade with the Rowell Commission. Chief Justice Rowell and colleagues will leave this town, probably without hearing from the most eminent comedians in Canadian politics.

Commission visitors, spending the last hour of today's House session in the press gallery, listened to the debate. The boys and girls of the Aberhart troupe were in top form. By six o'clock the carpet was strewn with split infinitives and particles were hanging all over the walls. It was a bang-up performance.

The Tory group in the House, which could hold a caucus in a telephone booth, led the attempt to persuade the government that it really ought to be polite to the Commission. Grit members, another forlorn little band, joined in. The Social Crediters, those still in the caucus anyway, unanimously resisted the idea but did not make one intelligible speech on the subject.

Solon Low, provincial treasurer, announced the government's plan to print its $11,000 brief, send copies to Ottawa and each provincial capital, scatter copies liberally among the public. Mr. Low did not tell why the Rowell Commission, but for which the brief would not have been prepared, should not have a look at this Aberhartian brain child.

Private Social Credit members supplied arguments of a sort. "Why tell Rowell?" asked Mr. Unwin. Another man said the commissioners were believers in financial orthodoxy, and so beyond the pale; but he was heartily in favor of sending the brief to the Dominion Government. Why he had more faith in the people who nominated the Commission than in the Commission was not disclosed.

H. J. Ash, Social Credit member for Olds, thought it was a "whitewashing Commission" and said the sooner it got out of Alberta the better. "I am habsolutely hopposed to livin in a province what is fast becomin a cinderella," cryptically added Mr. Ash. Mrs. Gostick of Edmonton, only mother in the House, said the Commission cost a lot of money. Intellectually, the debate was a treat.

### FOR QUEBEC OLD BOYS

To the Editor:—There is a small school in the city of Quebec which claims, on behalf of its graduates, a remarkable record in the World War, and which we think would prove of interest to your readers.

The High School of Quebec has had for years an average attendance of less than 100 pupils. In spite of this, 264 of its graduates served in the war, 38 of whom were killed. Among those who served there were promoted to be: Lieutenant-general 1, major-general 4, brigadier-general 1, colonels 2, lieutenant-colonels 6, majors 16, Knights of the Bath 3, Chevalier Legion of Honor 1, Victoria Cross 3, D.S.O. 8, M.C. 17, Flying Medal 1.

Surely this is a record that will take some beating, even in the public schools of the Old Country.

It is interesting to note that this school was founded in 1804, thus making it one of the oldest English schools in the Dominion, if not the oldest, and has been in continuous existence ever since. In 1816 it became the Royal Grammar School of Quebec, and was incorporated under the name of the High School of Quebec in 1845.

In 1912, the Old Boys' Association was formed with the object of furthering the cause of the school. An earnest effort is now being made to increase the present membership of the association, and if this letter comes to the notice of any old boys who are not members of the association, they are invited to communicate with any of the undersigned.

## Defence Policy

Debate on Canada's defence policy in the House of Commons, the Toronto Star comments, was featured by two statements of Hon. Ian Mackenzie, minister of national defence, and another by Miss Agnes MacPhail. The minister expressed the opinion that a war against brute force would find Canada linked with Britain, France and the United States in defence of democracy. From this it may be taken at least he, of the cabinet, believes Canada will be in the next war that engages Britain and he either hopes or believes the United States will join with Britain and France; for the next war will surely be against brute force and in defence of democracy.

Mr. Mackenzie on the basis of justifiable "reasonable assumptions" said a friendly navy would assist in the defence of our Pacific shores. The navy, of course, must be that of the United States. The affirmation is out of line with past declarations which insisted Canada must be able to preserve her own neutrality—which is quite impossible with an annual defence expenditure of approximately $35,000,000 while possible enemies are spend more than 20 times that amount.

### "SAVE NORTH AMERICA"

Miss MacPhail said: "I am becoming more and more North American in my outlook. It may be an escapist idea; that may be the reason I worked it out. I do not know. I just know that increasingly I am thinking in terms of North America, and am determined that from my point of view we shall do what we can to save North America, because I am not sure that with our small population we can do anything to save Europe. If she is determined to bring about her own destruction, that is not our business.

"Our business is to do what we can on the North American continent. If then, we are going to stress that fact, and if our national policy is to be directed toward keeping out of European difficulties, and toward the protection of North America, I feel that more and more there should be an understanding between the United States and Canada. We are on the same continent; we think in the same continental terms, and, much as imperialists may deny it, Canada is becoming increasingly North American in her point of view. The young people growing up today are more aware that they are North Americans, and that the destiny of the Americas, or North America, is the thing which affects them most."

Miss MacPhail said a lot in that paragraph.

## Better English

By D. C. WILLIAMS

1. What is wrong with this sentence? "The work is most done."
2. What is the correct pronunciation of "apropos"?
3. Which one of these words is misspelled? Character, charicature, characteristic.
4. What does the word "fallacious" mean?
5. What is a word beginning with coa that means "to grow together into one body"?

ANSWERS

1. Say, "The work is almost finished." 2. Pronounce ap-ro-po, a as in at, both o's as in no, principal accent on last syllable. 3. Caricature. 4. Deceptive, misleading. "We know that such a theory is fallacious." 5. Coalesce.

# Festival Entry Time Extended

## Registrations For Musical Contest Open Today and Tomorrow

The committee of the Victoria Musical Festival Association met on Saturday evening, and after some discussion decided to extend the time for receiving entries up to and including tomorrow, April 5. Intending competitors are requested to note this change.

The festival needs more entries to bring the total number of competitors up to last year's numbers, and all those interested are asked to assist by a ready compliance with this request from the committee, and thereby insure success for 1938 festival.

The poster competition will take place, by kind permission of the school board, in the North Ward School on Saturday afternoon, April 9, beginning at 3. An interesting display is promised for all attending. The posters will be adjudicated by Harold Simpson of the Hudson's Bay Company.

Membership tickets can be obtained from any member of the festival committee and from the festival office, 833 Yates Street. Information concerning the festival will be gladly given by calling the secretary at E 9624.

# Festival Group Reports Profit

A profit of $378 from the recent British Columbia Regional Drama Festival was reported at an executive meeting of the regional committee held last week.

Congratulations on the success of the local festival were received in letters from the Beaux-Arts Society and the Little Theatre Association, which also expressed the wish Capt. T. L. Thorpe-Doubble continue as chairman for another year. As a result of the letters the executive went on record that the chairman should carry on.

It was announced the Beaux-Arts Society had accepted an invitation from Ottawa to present its play, "Hands Across the Sea," by Noel Coward, in the festival final at Winnipeg.

A general meeting, to which all representatives of dramatic clubs will be invited, including a delegation from Vancouver, will be called shortly.

# "Bobby's" Smile Charms Visitor

## Californian Coming Back Because He Likes Policeman.

A policeman's lot may not be a happy one, but to at least one California tourist in Victoria his encounters with one of the local "bobbies" was so pleasant that he is coming back to the city.

This visitor, who happened to come here when the weather was disappointing, has written to the Victoria and Island Publicity Bureau as follows:

"While there I three times had occasion to ask a policeman for information and directions, and each time met up with the same policeman down around by the waterfront, a large, good-looking and smiling young man, whose kindness and courtesy are largely responsible for my pleasant impressions of Victoria and the reason why I and my family are coming back this year for a lengthier stay."

# Welsh Society Leaders Named

Officers of the Victoria Welsh Society were returned to office at that organization's annual meeting in the Women's Institute Hall, Fort Street, at the close of last week.

David Evans was re-elected president and Howell Jeffreys vice-president. Stanley James was made second vice-president and Mrs. R. T. Williams secretary-treasurer.

Miss E. E. Thomas, R.N.; Mrs. R. Evans, Mrs. M. A. Lewis, J. C. Williams and Bob Thomas were placed on the executive and a sick visiting committee of Mrs. J. C. Williams and Mr. James was appointed. Mrs. R. Mason was made pianist and W. C. Williams and D. Evans were appointed as an auditing committee.

Following the business session a delightful program was presented by Miss Gwen Evans, piano solos; Bob Asselton, sketch, assisted by members of the audience; J. I. Smith, piano solos and accompanist; Marjorie Kinsey and W. Sloan, songs; M. Thomas and Reuben Hardy, humorous duets; Mrs. M. Prior, soprano solos, and R. Hardy, monologues.

Refreshments were served under the direction of Mrs. M. Lewis and Mrs. R. Evans.

# Practical Home Gardening

BY DONALD GRAY

Habits of growth, color and time of bloom of various plants must be known to achieve a balanced effect such as pictured above.

When starting to plant in a new garden never buy a tree or shrub unless you know its habits of growth, color, and time of bloom.

It is confusing to an amateur gardener to listen to a nurseryman's Latin or Greek names of plants. But the price of a good free-flowering plant is the same as for one with insignificant bloom and the only way to distinguish one from the other is by its specific name.

Take forsythia, the yellow goldenbell. There are many varieties. On some the flower buds winter kill so that the plant never blooms and others have dirty yellow-colored blooms. The best one to plant is called forsythia spectabilis.

All varieties of privets do not make satisfactory hedges. The one called California sometimes freeze to the ground. The English one called vulgaris is subject to a disease. The best varieties are Ibota and Amurense. It is a satisfaction to have the best variety growing in a high hedge because in the beginning you purchased the right variety.

Mistakes are often made by beginning gardeners in buying evergreens. Little balled evergreens look attractive in their nursery row and seem to be just the plant for growing under a window. Unless some questions are asked about the habits of the plant you are just likely to buy a plant that in 10 years' time will be a forest tree. It starts out as a dwarf, but it might cover up the whole house and block the light and view from the windows.

When choosing shade trees for the garden, learn their habits when they grow large. Trees like Norway maples and box elders have such a dense shade that no other plants can grow under them. Soft maples, poplars and willows have such enormous root systems that they may block drains and take up all available plant food.

The elm and honey locust are high branched and do not have dense foliage. Also think about planting nut trees for shade trees and large growing shrubs such as the flowering cherries and flowering crabs. These latter plants will give bloom as well as providing shade.

# Letters to The Editor

### "ENHANCED" VALUE

To the Editor:—Social Crediters must be overjoyed in reading that the Hon. Mr. Dunning comes to their support in part of their theories when he went to "bat" against the Rt. Hon. R. B. Bennett's oratorical "pitching." But if they are as observant as they profess, they surely can rule that modest financial genius "out," hurling a "foul ball" and even walking Mr. Dunning to first base to support him.

I am not referring to "the tragic fact that all cheques have to be paid," that remark of R. B. B., "like a sparrow in a cat's paw."

The Rt. Hon. R. B. Bennett made a more serious and fatal statement than that, when referring to the "enhanced value of gold, to the tune of $63,000,000, with Mr. Dunning stepping in to admit the increased credit was still available.

That is an admission of a breach in the most sacred of all financial gospel.

Gold, the very backbone of the stock-in-trade of bankers, increasing in value overnight, not by the old law of demand and supply, but just by the stroke of a pen, so to speak.

What business man, going to a bank with a nicely typed balance sheet showing "Inventory on Hand," hoping to get an increase of his loan on "enhanced values," would meet success?

W. R. STEER.

### CONVERSED WITH THOSE BELOW

To the Editor:—Here is at least some food for thought on the subjects recently touched on in your paper—on Knowledge vs. Belief, and on who may or may not be of the Church.

"There are also societies of interior friendship which do not take away another's external delight and divert it to themselves, but take away his internal delight or blessedness, arising from the affection of spiritual things. . . . I have several times conversed with those who were below. . . . In the lift of the body their nature was such that they loved from the heart those who were within their common fellowship, and also embraced one another with brotherly affection. They had believed that they only were living and in the light, and that those who were outside of their society were comparatively not living and not in the light; and because they were of such a quality they also thought that the Lord's heaven consists solely of those few.

"But it was given to tell them that the Lord's heaven is immense, and that it consists of every people and tongue, and that all are there who have been in the good of love and of faith; and it was shown that there are those in heaven who relate to all the provinces of the body both as to its exteriors and as to its interiors; but that if they aspired beyond the things which correspond to their life, especially if they condemned others who were outside of their society, they could not have heaven; and that in this case their society is a society of interior friendship, which as before said, is of such a nature that when they approach others they deprive them of the blessedness of spiritual affection; for they regard them as not being the elect, and as not living; and when this thought is communicated, it induces sadness, which, however, according to the law of order in the other life, returns to themselves." ### EDUCATION AS TROUBLE-MAKER

To the Editor:—Oil is a wasting asset and the peak of great production was reached years ago in the Mexican oilfields. The talk about the properties being worth $400,000,000 is to establish the claims of the operators—very much of the great Mexican oil possibilities now only exist in the minds of the disheartened foreigners or would-be owners.

For more than 20 years "Mexico for the Mexicans" has been the ever-growing demand. The writer remembers President Calles, formerly a Sonora school teacher, stating in Mexico City that between two and three million pesos were annually collected from the peons and sent to Rome. These peons did not have enough to eat and were frightfully ignorant.

It is to be expected that the oil people will now ally themselves with the Fascists and the church to start another revolution to gain control, reduce wages, close schools and stop the education of the people. Should this occur the writer would not be surprised if the Mexicans destroy the wells and refineries, as they are desperate.

"Mexico Raises Peasant Status" in Toronto Saturday Night, February 19, gives a correct description of the fight for liberty in Mexico.

As the writer received $400 a month to handle confidential cables, keep his eyes and ears open and his mouth shut and worked 16 years in the heart of the Mexican oilfields, he was able to see things from the inside—imperialism. In the press we read "Japan will never yield 'an inch' of territory the army has occupied in China," Premier Konoye stated, and very recently we were told they were fighting Communism. But last Monday a smart Japanese told a local group that Japan was fighting Chinese Fascism.

The real blame for the worm turning, of course, rests on Andy Carnegie for spilling libraries everywhere and the Rhodes scholarships, which are producing so many agitators.

Would it not be much better if people remained in ignorance and superstition?

## SALT SPRING

The annual daffodil tea and sale, organized and held by the Guild of Sunshine, took place on Thursday afternoon at Ganges House. Thirty-two dollars was raised by the sale for the funds of the guild.

The directors of the farmers' institute met in the committee room of the Mahon Hall on Wednesday evening. The resignation of F. Stevens, as secretary, was regretfully accepted and a vote of thanks to him passed. The application of W. Littlefair for the position was accepted. Items discussed included the erection of a new fence and obtaining a speaker for an address on soil conservation. A committee was appointed to look into the matter of legal boundaries of the hall property. It was decided to install a telephone in the hall.

The monthly meeting of Ganges Chapter, I.O.D.E., was held on Friday afternoon at Ganges House. A number of articles, collected by Mrs. B. Wolfe-Merton, convener of activities for the "Endowment Fund" were exhibited. Reports were heard from the decoration and supper committees for a dance on Easter Monday. The sum of $25 was voted towards purchasing new colors for the 16th Canadian Scottish. It was decided to continue a prize to the pupil of the local high school making most progress on the year's work.

The annual meeting of the Victoria subdivision of the Catholic Women's League will be held on Wednesday, April 6, in the Parish Hall at 8.30. A full attendance is requested, as the annual reports will be read, and election of officers will take place.

## Daffodil Tea Proved Big Success

### King's Daughters Held Annual Affair At Y.W.C.A.

Daffodils in fragrant profusion, both at the flower stall and in the general decoration of the rooms, added their appropriate note to the annual Daffodil Tea arranged by the King's Daughters and held at the Y.W.C.A. on Saturday afternoon. Mrs. Wm. Russell, district president, welcomed the many guests.

The various circles co-operated in the arrangements. Tea was served under the direction of the Ministering Circle. The attractive table was centred with a large bowl of daffodils, flanked by green tapers in silver candelabra. Presiding at the urns were Mrs. R. R. Watson, Mrs. H. V. Mills, Mrs. Tom Roberts and Miss Cathcart.

**MUSICAL PROGRAMME**

Miss Kathleen Roberts arranged the programme of music which added to the pleasure of the afternoon. Mrs. F. G. Aldous, accompanied by Mrs. C. C. Warn, sang, "'Till I Wake" (Amy Woodford Finden), "Thoughts Have Wings" (Liza Lehmann), and "Dutch Lullaby" (Cross). Mrs. Warn also accompanied Mme. Griffaton in her vocal solos, Schubert's "Serenade" and the "Spring Song." Miss L. Noble, L.R.S.M., was accompanied by Mrs. R. Baker in her songs, which included "Wayfarer's Night Song" (Easthope Martin) and "Mermaid Song" (Haydn).

Pupils of Violet Fowkes appeared in the following dances: Russian dance, Alice Stevenson; tap dance, Dorothy Graham and Ida Lalonde; gypsy dance, Yvonne McKiernon, and drum taps, Yvonne Simpson. Miss Jessie J. Brown accompanied the dancers.

**ATTRACTIVE STALLS**

The prettily decorated stalls included plants and flowers, sold by members of the Victoria Circle; home-made candies, under the direction of the Hawthorn Circle; home cooking under the management of the Ready-to-Help Circle, and touch-and-take packages were sold under the convenership of the L. H. Hardie Circle. Tea tickets were sold by Mrs. P. Sharp and Mrs. H. D. Brumpton.

## Weddings

**ROGERS—WITBECK**

Calla lilies with white snapdragon and pink tulips were arranged with palms for a spring-like setting at Ryerson United Church, Vancouver, for the wedding Saturday afternoon of Miss Ruth Witbeck and Mr. J. Victor Rogers.

The bride, who is the younger daughter of Mr. and Mrs. I. T. Witbeck of Vancouver, was attended by her sister, Miss Jean Witbeck. The groom is the son of Mr. and Mrs. Joseph Rogers of Saanich, V.I. The bride is a member of Gamma Phi Beta sorority, while Mr. Rogers is affiliated with Beta Theta Pi fraternity.

Given in marriage by her father, the bride wore a delphinium blue afternoon frock, all-over tucked, showing a square neckline, and skirt flaring from a hip yoke. Her dark blue straw hat featured blue flowers posed at the back of the crown above the wide brim. An unusual note in bridal bouquets was seen, for the bride carried a purse on which an orchid nestled amid lily of the valley and Ophelia rosebuds.

The bridesmaid was wearing a rose silk frock with pleated skirt and draped bodice. Her brown hat was mounted with a large rose at the back. She, too, carried a floral purse, an orchid centering Talisman roses. The groom was supported by his brother, Mr. Gordon Rogers of Victoria, while ushers were Mr. William Owen, Mr. Alan Webster of New Westminster and the bride's two cousins, Messrs. Cornelius and Herbert Burke.

Mr. and Mrs. Joseph Witbeck, parents of the groom, were present at the wedding.

The ceremony was performed by Rev. Dr. E. D. Braden, and during the signing of the register Miss Hilda Bone sang.

Immediately after the ceremony the bride and groom left by motor for the south, the bride donning over her wedding gown a cadet blue swagger coat. The young couple will make their home at Island Falls, Sask.

**HASTINGS—RAMSAY**

Rev. G. R. Bolster officated at the pretty ceremony at St. John's Church Saturday evening which united in marriage Fretta Elizabeth, elder daughter of Mr. and Mrs. B. Ramsay, 2627 Quadra Street, and Mr. Charles Earl Hastings, only son of Mr. and Mrs. C. E. Hastings, 2829 Cedar Hill Road. Mr. G. Jennings Burnett played the wedding music, and Miss Iris Smith sang "For You Alone" during the signing of the register.

The bride was an attractive figure in her floor-length frock of white satin, with shirred bodice, and diamente ornaments at the neck and waistline. Her long veil of fine embroidered net was arranged beneath a circlet of orange blossoms, and she carried a shower bouquet of Ophelia roses, white sweet peas and bouvardia. In her shoe she wore a gold coin lent by Miss Florence Johnson, being the 36th bride to wear it.

The bridal attendants were gowned alike in Grecian frocks of georgette, with stitched jackets of the same material, with short puff sleeves and Peter Pan collars. Miss Mimi Ramsay, sister of the bride, was in pink, and Miss Aileen Marston in blue. They wore bandeaux of fresh violets and bouvardia in their hair and carried posies of forget-me-nots, violets, pink carnations and roses.

Mr. Harvey Godtel was best man, and Messrs. William McGregor, David Macdonald and James Currie were ushers.

After the ceremony a reception was held at the home of the bride's parents, the rooms being arranged with Japanese plum blossom, daffodils and other spring flowers. Mrs. Ramsay received the guests in a floral crepe gown with a black jacket and hat, and Mrs. Hastings was in black floral crepe and wore a black bonnet hat trimmed with a pink flower. They wore corsage bouquets of carnations.

The buffet supper was served from a table centred with the bride's cake and lighted with tall yellow candles in silver holders.

Mr. and Mrs. Hastings left on the midnight boat for Vancouver and will motor to Seattle, the bride traveling in a rust crepe ensemble, with brown hat and accessories, and a lapin coat, the gift of the bridegroom. They will make their home on their return at 3306 Doncaster Drive.

Miss Beatrice Hastings of Dewdney, sister of the groom, and Miss Laura Thomson of Vancouver were guests at the wedding.

W.A. Pro Patria Branch, Canadian Legion, B.E.S.L., will hold their monthly meeting in the Eagles' Hall, Government Street, Tuesday evening at 7.45.

## Hostess for Y.M.C.A. Shower

MRS. G. M. WEIR

The Ladies' Auxiliary to the Y.M.C.A. will hold their annual linen shower on Wednesday afternoon from 3 till 5 at "The Oaks," Oak Bay Avenue, by kind invitation of Hon. G. M. Weir and Mrs. Weir. Guests will be welcomed by the hostess and Mrs. S. J. Willis, president of the auxiliary. A musical program has been arranged.

## Society

Miss Loula Cameron, who is attending Mills College, Calif., arrived in Victoria from the south on Saturday to spend her Easter vacation with her parents, Mr. and Mrs. D. O. Cameron, Gorge Road.

In honor of her parents, Mr. and Mrs. George Phelps Rose of Sewickley, Penn., and of Mrs. William E. Frick, also of Sewickley, who are her guests, Mrs. J. W. Benning was hostess yesterday afternoon at the tea hour at her home on Rockland Avenue.

Mr. and Mrs. G. S. Crowther, 1741 Victor Street, entertained a number of friends at their home on Saturday evening in honor of their 20th wedding anniversary. Cards were played during the evening, the prize-winners being Mr. and Mrs. J. Hodge, Mr. D. Birkett, Mrs. D. Cleave and Mr. J. Peeke-Vout. Mrs. Crowther was presented with a gift from the guests, who included Mr. and Mrs. B. Boorman, Mr. and Mrs. D. Birkett, Mrs. D. Gleave, Miss Violet Gilham, Mr. and Mrs. J. Hodge, Mr. and Mrs. G. Peeke-Vout, Mr. Tom Watts, Mr. George Peeke-Vout, Mr. W. Noel, Misses Dolly and Lilian Crowther, Masters Stanley and Billy Crowther and Mr. and Mrs. G. S. Crowther.

Dr. Olga Jardine, Despard Avenue, has returned from Vancouver where she has been visiting for a few days, and where she attended the annual meeting of the Provincial Council of Women.

Miss Olive Chisholm was hostess to members of her bridge club on Thursday evening. At the conclusion of the evening dainty refreshments were served from a prettily appointed table, centred with a large bowl of daffodils and fern. Those present were the Misses Alice Dawson, Lil Braithwaite, Marie Costello, Marjorie Scarrett and Doreen Petherbridge. The next hostess will be Miss Alice Dawson, Haultain Street.

Miss Gladys Nielson entertained at the home of her parents on Carnsew Street on Thursday evening, in honor of Miss Grace Clifford, a popular April bride-to-be. The rooms were prettily decorated with spring flowers. The invited guests were: Mrs. J. Scott, Mrs. W. Garrick, Mrs. G. D. Clifford, Mrs. H. Curtis, Mrs. P. Nielsen, Mrs. B. Newlands, Mrs. A. Murphy and the Misses Jean Clifford, Jean Kerr, Flo Scott, Jessie Scott, Vivian Curtis, Jean Halliday, Mary Landon and Gladys Nielsen.

## Jubilee Tag Day Netted $827.36

The handsome sum of $827.36 rewarded the appeal of the Women's Auxiliary to the Royal Jubilee Hospital at their annual tag day held on Saturday. The result was particularly gratifying, as this is one of few organizations which did not affiliate with the Community Chest.

Mrs. P. E. Taylor was the general convener, and 57 nurses from the hospital, together with members of the W.A. and Jubilee alumnae, and pupils of the Monterey and Willows Schools assisted in tagging. The headquarters was at Harte and Orme's, View Street.

Mrs. F. V. Longstaff convened a special group to cover the Oak Bay district collections, John Burt-Smith of the Oak Bay Hardware store kindly providing headquarters.

The auxiliary, whose president is Mrs. R. J. Jameson, has earmarked most of the collection for the purchase of air-conditioners for the sick wards, particularly the public wards of the hospital.

A well-attended meeting of the mothers of the Sunday school children was held in Emmanuel Baptist Sunday school room on Thursday. Dr. Imrie led in the sing-song, also gave an inspiring talk. Mrs. Geo. Green played a group of piano solos. At the close tea was served, in charge of Mr. McNeil, Mrs. Waites, Mrs Dawson and Mrs. Block.

Princess Alexandra Lodge, Daughters of England, will meet in the S.O.E. Hall Thursday, April 7, at 7.30, and drill practice Tuesday at 2.15 in the S.O.E. hall.

The regular monthly meeting of the Second Mile Club will be held at the home of Mrs. Middleton, Quadra Street, on Tuesday evening at 8, when Mrs. Cave will be the guest speaker.

Miss Margaret Furneaux of Bristol, England, has arrived on a visit to her sister, Mrs. R. E. Bayles, Colwood.

Mrs. R. W. McClung has returned to her home at Gordon Head, after a visit to Ottawa, where she attended a meeting of the board of governors of the Canadian Broadcasting Corporation. En route home she visited her sister, Mrs. E. Rae, in Winnipeg.

Mrs. Alfred Smith, who has been staying at the Empress Hotel for some months and will leave on Thursday for England, entertained at a farewell tea Saturday at the Empress Hotel. The tea table was covered with a filet lace cloth and centred with a bowl of spring flowers. The guests included Mrs. A. K. Munro, Mrs. J. W. Church, Mrs. A. J. Garesche, Mrs. C. Lander, Mrs. B. Mess, Mrs. H. A. Munn, Mrs. R. H. Lyons, Mrs. G. Jay, Mrs. R. Daniel, Mrs. E. M. Jackson, Mrs. J. Wilson, Mrs. J. K. Hodges, Mrs. Cattroll, Mrs. Reed P. Clark, Mrs. S. S. Burnett, Mrs. Adam, Mrs. Gordon Hunter, Mrs. J. E. Mellor, Mrs. Max Leiser, Mrs. K. Guillod and Miss Sandra Munro.

Miss Mary Haynes, who is to be married shortly, was the guest of honor when Mrs. Herbert Clark and her sister, Miss May Wootton, entertained on Saturday evening at an enjoyable bridge party and cup and saucer shower given at Mrs. Clark's home on Linkleas Avenue. A buffet supper was served by the hostesses from an attractively arranged table, which had a centrepiece of wild lilies in a pale yellow bowl. Four tables were in progress during the evening.

Yesterday afternoon at the home of their parents, Capt. and Mrs. J. H. Cattroll, St. Charles Street, the Misses Doreen and Patricia Cattroll entertained a large number of their friends at the tea hour. Presiding at the tea-table were Mrs. Alan Butchart, Miss Ella Dryden, Miss Bobbie Thatcher and Miss Jessie Macdonald, while assisting in serving were the Misses Eileen Tweed, Doris Robertson, Gladwyn Beasley, Elsie Finlayson, Dorothy Ganner, Helen Baird, Ivy Brown, "Bunny" Macdonald, Nan Hutton and Margaret Wilson.

Mr. and Mrs. J. E. Jowitt received many greetings and beautiful flowers, when they celebrated their golden wedding on Saturday at the home of their son-in-law and daughter, Mr. and Mrs. G. F. Hawthorn, 144 Howe Street. A happy gathering was held in the evening, the reception-rooms being gay with flowers in a color scheme of gold and mauve. Daffodils centred the prettily appointed supper table, and the toast to the venerable pair was proposed by Mr. Dearman, and responded to by the bridegroom of 50 years ago. During the evening Mr. and Mrs. Jowitt were presented by Mrs. Hughes with a handsome mantel clock, the united gift of a number of their old friends.

Mr. and Mrs. Mitchell Hodge, 2327 West Forty-ninth Avenue, Vancouver, announce the engagement of their eldest daughter, Marion, to Mr. J. Malcolm Billingsley, son of Mrs. Billingsley, 1468 West Forty-fifth Avenue, Vancouver, and the late Mr. Henry Billingsley of Victoria. The wedding will take place Friday, April 22, at 8.30 in the evening at Ryerson United Church. the bridegroom-to-be was a well-known member of the James Bay Athletic Association, and also played rugby in Victoria for some years before leaving for the mainland to make his home.

Mrs. J. Harper and Mrs. C. Edmonds were joint hostesses at a miscellaneous shower held recently at the home of Mrs. Edmonds, Springfield Avenue, in honor of Miss Hazel Fullerton, whose marriage will take place this month. On her arrival, the bride was presented with a corsage bouquet by Baby Dorothea Harper. The many beautiful gifts were concealed in a wishing well. An enjoyable evening was spent in playing games, the winners being Mrs. Herrington, Miss Bernice Waldron and Mrs. Spencer. Those invited were: Mrs. Knowles, Mrs. Spencer, Mrs. Herrington, Mrs. Wilkinson, Mrs. Waldron, Mrs. James Harper, Mrs. Moore, Mrs. Joe Harper Jr., Mrs. Trousdale, Mrs. Harper Sr., Mrs. Clements, Mrs. Edmonds, Mrs. Creed, the Misses Rita Greenstreet, Zena Haskins (Banfield), Hazel Fullerton, Miss Spencer, Miss J. This afternoon Miss Esther Ford entertained at the home of her parents, Mr. and Mrs. J. L. Ford with a kitchen shower in compliment to Miss Mollie Unsworth, a popular bride-elect. The gifts were concealed in a decorated clothes basked in a color scheme of yellow and green, while daffodils in profusion were used in floral decoration throughout the home. The guests included Miss Mollie Unsworth, Mrs. T. Golby, Mrs. Gordon McClure, Mrs. Horace Miller, and the Misses Betty Hughes, Bibbs Adams, Eileen Pendray, Mildred Jones, Ruth Pangman, Thelma Ackerman, Kay Grogan, Roma Dorman, Valerie Kennedy-Smith, Cynthia Hargraft, Sheila Swift, Loula Cameron, Marjorie Brown, Ruth Norton and Mary Lindgren. On Saturday afternoon Miss Mary Lindgren, Moss Street, was a tea hostess in honor of Miss Unsworth. Mrs. W. P. Unsworth presided at the table which was attractively arranged with daffodils and hyacinths. Miss Esther Ford and Miss Betty Meharey assisted in serving.

Miss Joyce Carmichael celebrated her sixteenth birthday on Friday and in the evening entertained a number of her friends at a birthday party at the home of her parents, Mr. and Mrs. A. G. Carmichael, 3457 Douglas Street. During the evening, Mr. William Harkness, the magician, mystified the young people with his clever feats of magic, and games were also enjoyed. A sit-down supper was served from a table covered with a lace cloth and decorated with daffodils. The guests included the Misses Edna Steer, Betty Ray, Grace Giles, Doris McNeill, Jean Veals, Messrs. Jack Drake, Beaven Giles, Irving Scott, Vernon Wesley, Robert Dunlop and Gordon Barett.

Miss Lorna Hyde, whose marriage to Mr. Sidney Silvester will take place shortly, was the guest of honor when about 50 members of St. Paul's Presbyterian Church met in the church hall on Friday evening. Daffodils and greenery were used in decorating the hall. Rev. James Hyde, the pastor, presided as chairman. Mrs. W. Dickson, president of the Missionary Society, on behalf of the congregation, made the presentation of several pieces of handsome Royal Doulton chinaware to the bride-to-be with best wishes. A musical programme, including several piano selections and the vocal solos of Mrs. J. W. Bishop were much enjoyed, as were also the recitations of Miss Hyde. A buffet supper was later served by the young people from a long table centred with a large bowl of daffodils and lighted by tall green candles.

## Miss Frances D. Partridge Honored at Reception Yesterday

Miss Frances D. Partridge of Port Huron, Mich., supreme secretary of the Woman's Benefit Association, left for the mainland yesterday afternoon after a busy week-end here, during which she paid an official visit to the local review. Prior to her departure, an informal reception and tea was held in the Empress Hotel, Mrs. Jean Bowden, president of Queen Alexandra Review, W.B.A., and Mrs. J. Winters, president of the Pioneers' Club, receiving with Miss Partridge, and Mrs. Mabel Burnett and Mrs. Madge Thompsett presiding at the prettily decorated tea table.

Assisting in serving were the Misses Marjorie and Kathleen Burnett, and June McAllister.

### BANQUET HELD

On Saturday evening Miss Partridge was the guest of honor at a banquet, held at the Hudson's Bay Co., followed by a rally at the Victoria Truth Centre. She spoke of the progress made by the order which will celebrate its golden jubilee in 1942, when two new degrees will come into being, the "Golden Pioneers" and the "Junior Pioneers."

Miss Partridge also touched upon the financial affairs of the W.B.A., which has assets of $38,000,000. "Our report shows an increase in assets of more than $1,750,000 during 1937, and also shows that more than $2,000,000 in death benefits were paid during that year."

Mrs. Jean Bowden, president of Queen Alexandra Review, No. 1, presided, and acted as toastmistress. She extended a warm welcome to Miss Partridge and to the other guests of honor, Mrs. Caroline O'Brien, provincial field director; Mrs. Catherine Knight, president of the W.B.A. Review, No. 19, Chemainus, and Mrs. Hattie English, W.B.A. deputy from Chemainus, and Mrs. Annie Barraclough, W.B.A. deputy of Queen Alexandra Review, No. 1.

Officers of the review wore white and an attractive touch of color was lent to their dresses by the red carnation boutonniers. The guests of honor wore corsage bouquets.

After Mrs. Bowden had proposed the toast to the King, Mrs. Annie Barraclough gave the toast to the order, and in response the W.B.A. song was sung.

Mrs. Bertha McAllister, financial secretary, proposed the toast to the supreme president, Mrs. Bina West Miller, and to this Miss Partridge responded.

Following the banquet, the members adjourned to the Victoria Truth Centre where the distinguished visitor, Miss Partridge, was officially welcomed. Miss Mae Muir was the soloist, and the piano accompaniments were played by Mrs. H. Hole.

O Canada was followed by the preparation of the altar and a patriotic service. Seven new members were included in the class presentation of Junior Rose Court. The juniors of Queen Alexandra Review No. 1 put on an interesting drill display, under the direction of Mrs. Lydia Gaetz, junior supervisor.

Short talks were given by presidents, financial secretary and junior supervisors.

**To ensure their publication, reports of meetings of organizations or groups should be sent in within two days of their happening. Notices intended for this column on Saturday must be written and handed in not later than Friday.**

The Ladies' Auxiliary to the Army and Navy Veterans will hold a court whist party on Thursday at 8 pm. in the club rooms, Wharf Street.

The monthly meeting of the Esquimalt Community Club will be held this evening at 8 in St. Paul's Guild Room, Esquimalt Road.

The monthly meeting of the Sir James Douglas P.-T.A. will be held in the school tomorrow evening at 8. An illustrated lecture will be given by Mr. Dyson of "Logging Scenes in British Columbia."

The regular meeting of St. Luke's W.A. will be held at the church hall on Thursday, April 7, at 2.30 p.m. The guest speaker will be Mrs. F. J. Brimer. A full attendance of members and friends is specially requested.

Far-West Assembly No. 30, Canadian Daughters' League, will hold its meeting on Thursday evening in the Victoria Truth Centre, when Mrs. A. C. Ross, the provincial president, will make her annual visit and the installation of officers will take place.

Metropolitan W.A. met Friday in the church vestry with a good representation of members and one visitor was welcomed from New Westminster. Following the opening exercises, the treasurer's report, after bills were paid, showed a very favorable balance. The visiting committee had made several calls on sick and shut-ins. Tentative plans for a men's supper on April 26 were made. It is hoped this will be well attended as it will be the last for the season. At the close of the meeting, refreshments were served by Mrs. W. H. Harte, Mrs. J. E. Redman and Mrs. E. O. Weston.

The Ladies' Aid of the Church of Our Lord, Free Church of Eng-England, will hold an Easter bazaar in the Bishop Cridge Memorial Hall on Thursday afternoon at 2.30. There will be the usual fancywork stall and other attractions, and afternoon tea will be served.

The date of the next meeting of the evening auxiliary of Metropolitan Church has been changed to April 11. It will be held at the home of Miss Pamela Winslow, 1044 Craigdarroch. The speaker of the evening will be Dr. W. G. Wilson.

The W. A. to Pro Patria Branch, Canadian Legion, B.E.S.L. will hold the annual Vimy Tea in Spencer's dining-room on Thursday afternoon at 2.30. Court whist, auction and contract bridge will be played. Card players are requested to bring playing cards and score pads.

ARE YOU ONLY A ¾ WIFE?
Men can never understand a three-quarter wife—a wife who is lovable for three weeks of the month—but a hell-cat the fourth.
No matter how your back aches—no matter how loudly your nerves scream—don't take it out on your husband.
For three generations the woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure.

# U.S. PRODUCERS SEEK BARRIER

## Argument on Cheese and Fur at Hearing on Canadian Trade Pact

WASHINGTON (CP)—As hearings opened before the committee for reciprocity information today on the proposed trade treaty between the United States and Canada, Wisconsin producers of cheddar cheese and silver fox pelts sought protective barriers.

Senator F. R. Duffy (Democrat) declared any reduction in duties would be "ruinous and destructive" to the dairy industry and to the silver fox fur business.

"There is no need of importing cheddar cheese or any other kind of cheese from Canada or other foreign countries, because on February 1, 1938, there was in cold storage in the United States 9,000,000 pounds more cheese than the preceding five-year average," he said.

Senator Duffy stated that before the tariff on cheddar cheese was raised in 1930, more than 9,000,000 pounds were imported from Canada and after the boost in rates, imports dropped to less than 1,000,000 pounds in 1931.

"But in 1936, when the lowest rates took effect, almost 11,000,000 pounds were imported and for the years 1936 and 1937 cheddar cheese imports from Canada constituted 95 per cent of the Dominion's cheese shipments into the United States."

**FOX FARMING**

Turning to the silver fox business, Senator Duffy said world production was about 1,000,000,000 skins a year, of which about one-third was produced in the United States. The business in the United States, he said, really dated from the imposition of the 50 per cent tariff in 1922.

"Even with the duty, Canada and Norway sell a large number of pelts in the United States," he said. "Last year more than $1,000,000 worth came in over our tariff wall.

"To glut the market with foreign skins would ruin the price, and destroy the fox farmers of the United States," Senator Duffy declared.

In 1922, he added, fox pelts averaged more than $100 each. In recent sales they brought only about $41.

# Nazi Waterway Across Europe

## German Announcement of Rhine-Danube Link Has Great Significance

By DEWITT MACKENZIE
Associated Press Foreign Affairs Writer.

NEW YORK — When history finally appraises Adolf Hitler's regime, it may easily record that he could have done few things contributing more to the might of Germany than to bring to fruition the 1,000-year-old German dream of a navigable waterway through the heart of Europe.

There is vast importance in the announcement that work is to be rushed on the canal which will connect the Rhine and Danube rivers, thus providing a passage for ships a distance of some 2,500 miles, from the Baltic to the Black Sea.

The significance of the project is this:

It will open up an Arabian Night's treasure house of commerce for Germany throughout the Balkans and Near East.

It will enable her to undersell competing countries because of cheap transportation and easy access to markets.

It will give her the materials she needs to make her independent of other powers.

It will be of invaluable assistance to her in extending her economic and political dominance in the Balkans.

Take one item alone—though a more important one—that of the wheat, for lack of which Germany went hungry during the Great War. The Danubian states grow more of this grain than any of the so-called big wheat countries, barring the United States.

# Daylight Saving Begins April 24

The semi-annual shakeup in radio program schedules, coincident with the change to daylight saving time in the east, will occur this year on Sunday, April 24. Beginning that date, most regular NBC, Columbia and Canadian broadcasts will be heard one hour earlier than usual, with some of them undergoing a more irregular switch.

The Esquimalt subdivision of the Catholic Women's League will hold a general meeting tomorrow afternoon at 2. Annual reports will be read and election of officers will take place.

# POLO SQUADS IN DEADLOCK

## Victoria Club Teams Finish First Game of Season in 3 to 3 Draw

The Victoria Polo Club ushered in a new season that holds promise of a number of interesting intercity and interclub matches yesterday afternoon when the All-Stars and another crack quartette of club horsemen finished an engagement on the Foul Bay Road grounds in a 3 to 3 deadlock.

The white sphere was sent whirring between the sticks by Dr. John Sturdy to give the All-Stars the lead at the end of the first chukker, but J. Bourman evened up for the opposing side in the following period.

The club's second team swarmed down the field right at the start of the third chukker, and it was Dick Wilson who clouted the ball for a goal. Before the end of this session, however, the score was again tied up. The All-Stars were awarded a free shot, and Jeff Edgelow scored with a perfect 60-foot shot.

In the concluding chukker Geo. Tyson again put the second team into the lead, but just before the closing whistle Don Carley's long drive was true to knot the count at 3 to 3.

Capt. H. Rebitt was the referee.

In a modern piano, from 400 to 450 linear feet of wire of various diameters are used.

# Cage Trophies Are Presented

The Saanich and Suburban Basketball League wrote finis to another successful season last Friday night when a large crowd gathered in the Colwood Community Hall to watch the two final games and the presentation of trophies won by the various teams during the season.

West Road girls defeated Bob Whyte's Maroons by a small margin to annex the Women's Institute Cup. Also at stake Friday night was the handsome B.C. Electric Challenge Cup. This was won by Sooke juniors after a hard, even battle with Esquimalt juniors. W. A. Walker, Colwood, made the presentation.

West Road was presented with the Dr. S. F. Tolmie Challenge Trophy by P. Reeve, while R. Jesse presented the Inspector Robert Owens Challenge Cup to Sooke intermediates. The winner of the Bapco Challenge Cup was Jordan River, the presentation being made by Alan Pendray. Chief J. Bull presented the Saanich Police Challenge Cup to Colwood seniors.

For the best sportsmanship during the season, C. Kerris presented the Rev. F. Comley Challenge Cup to Strawberry Vale men's club.

The lamprey is a most unusual fish. Its mouth is a tube-shaped suction cup, edged with horn-like teeth. The creature attaches itself to other fish, and rasps away their flesh with the sharp teeth. After a hole is made, it enters the victom's body and continues to feed unmolested.

# Coronation Day's Tragedy Recalled

LONDON (AP)—The death of Hon. Mrs. Joan Verena Hamilton-Russell, whose four-year-old daughter was killed in a Coronation Day accident, was announced today.

She was the wife of Hon. Gustavus Lascelles Hamilton-Russell and daughter of Sir Harry Lloyd Verney, who for several years was private secretary to Queen Mary.

Her daughter, Charmain, fell down an elevator shaft while her parents were at Westminster Abbey for the Coronation ceremonies last May 12.

# Ranching Errors Seen in Alberta

EDMONTON (CP) — Years before the Dominion opened up for settlement the short grass lands of southern Alberta in 1909, the Department of the Interior had "full knowledge" from various sources that that area was semi-arid permanently, John M. Imrie, managing director of the Edmonton Journal and spokesman for the Edmonton Chamber of Commerce, asserted Saturday at the final session of the Rowell Commission in Edmonton.

Opening up of that area was the root of one of the gravest and most costly problems facing Alberta at present, Mr. Imrie contended.

As early as 1874 Northwest Mounted Police had reported livestock dying in that area for lack of feed and water. The 1894 the Dominion Department of the Interior had shown an interest in irrigation for southeastern Alberta, an admission of the meagreness of the rainfall there, he said.

# Chicago Will Battle Leafs

## Black Hawks Defeat Americans 3 to 2 to Gain Stanley Cup Hockey Final

NEW YORK — Wonder team of hockey, Chicago Black Hawks today were ready to shoot for the Stanley Cup and if the finals fall in line with dizziness for the rest of the playoffs, Bill Stewart's men should down Toronto Maple Leafs for the world professional title.

Underdogs from the start of the playdowns, the Hawks came from behind last night to trim New York Americans, 3 to 2, in the final of a best-of-three games semi-final round.

As they did in their earlier series with the favored Montreal Canadiens, the Black Hawks, last team to qualify for the playoffs, won after losing the first game of the round. Their dogged uphill fight continued into last night's struggle, when they spotted the A's a first-period goal.

**TRIUMPH FOR STEWART**

It was a fine personal triumph for little Bill Stewart in his first year as a National League coach. Only American-born mentor in the big-time, the circuit's former senior referee drove the makeshift squad past all obstacles to the final best-of-five game series which opens in Toronto tomorrow.

Major Fred McLaughlin, Hawks' owner, whose dream is to give Chicago a team of all-Americans and call them the Yankees, thrilled at Stewart's success. To add to the Major's delight Alex Levinsky and Doc Romnes, both born in the United States, scored Chicago's second and third goals.

Red Dutton, fiery manager of the A's, rushed across the ice after the game to congratulate Stewart. Bitter enemies in battle, they hugged each other on the Madison Square Garden Ice surface as a crowd of 15,531 cheered for victor and vanquished alike.

When Lorne Carr sent the Americans in front late in the first period, it seemed as though the "old men of Manhattan" were headed for victory. They held on desperately, but goals by Earl Seibert and Levinsky in the last six minutes of the second period changed the picture.

The Duttonmen set a killing pace in the closing chapter in an unsuccessful effort to tie the count. As the Americans were caught down the ice in the third period, Romnes took Paul Thompson's pass to score what proved to be the winning marker. Red Beattie scored later, but only served to narrow the Hawks' margin.

**SUMMARY**

First period — 1, Americans, Carr (Stewart, Anderson), 19.40. Penalty: Shill.

Second period—2, Chicago, Seibert (Wiebe), 14.53; 3, Chicago, Levinsky (Shill), 17.43. Penalties: None.

Third period—4, Chicago, Romnes (Thompson), 15.53; 5, Americans, Beattie (Smith, Anderson), 16.29. Penalty: Seibert.

By PETE SALLAWAY

IF THE OPINIONS of prairie sports writers and hockey critics mean anything, then British Columbia has the future senior amateur hockey champions of Canada in the Trail Smoke Eaters, now engaged in the western Canada finals against the Port Arthur Bearcats. George Mackintosh and Ken McConnell of the Edmonton Journal; Jimmy Kelly, sports editor of the Edmonton Bulletin; Eddie Armstrong, Winnipeg Free Press, and Ralph Allen, Winnipeg Tribune, all gathered in Edmonton for the western junior final between the E. A. C. and Winnipeg St. Boniface, told me Trail has one of the greatest teams in the history of Canadian hockey and would lift the Allan Cup in a walk.

**It gave me a nice feeling to hear them speak so highly of a group of athletes from the home province. These boys claim there is not another team in Canada capable of standing up before the brilliant passing, deadly shooting and stiff body-checking of the Smoke Eaters. While in Edmonton I attended the second game of the western semi-finals and saw Port Arthur eliminate Red Lake Thunderbirds. Was greatly disappointed at the lack of good sound body checking. On only two occasions did a defenceman step into an attacker and stop him in his tracks. That was the reason for McConnell's remark: "Trail will kill either of these clubs."**

Heard a lot of gossip in Edmonton over the defeat of Trail in the second game of their series with the Flin Flon Bombers. After scoring a shutout in the first clash Trail were beaten, 3 to 1, only to come back and take the third one, 5 to 0. It appears a lot of the wise boys had bet on Trail to win two straight and when they dropped the second one mutterings were heard. Of course, most likely there was nothing more to it than the squawking of the lads who dropped some heavy zuma.

We hear a lot of talk about amateur and professional sport these days. Here is one for the books. During the course of my visit in the prairie city, Edmonton was granted a franchise in the Western Canada Football Conference. They will be allowed to enter a team in the group providing that within 60 days they can lay between $8,000 and $9,000 on the line. And they call it amateur sport.

That big amount of cash will go to importing players so as to assure Edmonton of having a team capable of holding its own in the league. From what I could learn, the prairie conference is practically controlled by the Winnipeg club. The Manitobans, who brought the first Canadian rugby football championship out west, figure they made the league by importing such players as Bob Fritz, Rube Marquard, Perpich and Hanson, and are not going to let a new team in unless it is capable of holding up its financial end. And strange to say, Edmonton is ready to put up the heavy dough and is already out after players. They hope to land Fritz as a playing coach. That would be a swell start.

Had a long talk with Joe Greer, a former Victorian now resident in Edmonton. Joe has become quite prairie-conscious and says he likes it fine. His son Lloyd is still playing top golf and at present holds the championship of the University of Saskatchewan. As a matter of fact, Lloyd played his first game after the winter layoff the Sunday I was in town. Told me his game was "pretty lousy" after such a long enforced rest.

## Alberta Juniors Whip Winnipeg St. Boniface in Western Canada Final

WINNIPEG—Edmonton Athletic Club staged a surprising form reversal here Saturday night to defeat St. Boniface Seals 3 to 1 and force at least one more game in the three-of-five western Canada junior hockey final.

Seals were heavy favorites to finish the series in three staright after they took the first two games 7 to 3 and 8 to 3, but the highly touted St. Boniface scoring machine was ineffective against persisten Edmonton backchecking and a bodychecking defence bulwark Saturday night. A fourth game will be played here tonight with the fifth, if necessary, here Wednesday.

## Shot That Ended Boston's Hockey Hopes

By snapping the puck past Boston's very much upset goalie, Tiny Thompson, as pictured above, Gordon Drillon of the smooth-clicking Toronto Maple Leafs spelled sudden death to the Bruins' title hopes, captured the National Hockey League championship for his team and made them Stanley Cup contenders against the Chicago Black Hawks. Although Boston twice came from behind to tie, Drillon's overtime goal gave Toronto the game, 3 to 2.

# THISTLES AND WESTS VICTORS

## Advance to Final of McGavin Cup Series For First Division Soccer Clubs

Victoria West and Saanich Thistles will meet in the final for possession of the McGavin Cup. In the semi-finals of the first division football competition at the Athletic Park on Saturday afternoon the Wests defeated the Garrison 4 to 2 and the Thistles eliminated Esquimalt 2 to 0. The double-header attracted a fair crowd who saw the Wests, undefeated in league play this season, continue their brilliant form, but were treated to a surprise when the Thistles shut-out the favored Esquimalt eleven.

Displaying superior strategy, the Wests kept the pressure on all through the first half and at the interval were two goals up. The soldiers gave them a better fight in the last half and they came out on even terms as far as goals went.

Wests kept the air humming around the Garrison goal as they dominated first-half play and although they only managed to find the net twice came close on numerous other occasions. Plenty of their shots zoomed over to the side of the goal. Roy Okell, husky right winger, who turned in a sterling performance, made the openings that resulted in the first two counters. His first beautiful cross was taken by Eddie Brown, on the opposite wing, whose hot shot slipped out of the goalie's hands and into the net. Roy Barnes took another from him five minutes later and fired a terrific shot between the legs of a dozen players to beat an unsuspecting goalie.

**SECOND HALF**

Several terrific bombardments by the soldiers in the closing half made things plenty hot for the greenshirts, but they always came back to force the issue at the other end. Wests made it 3 to 0 through George Barne's goal after 23 minutes before Worsick, Garrison inside right, slammed a beauty into the hemp on Kennedy's cross. George Barnes scored his second goal for the Wests at 35 minutes on Roy Barnes' pass and before the end came Jimmy Worsick sank a penalty shot given against Bobby Bell for fouling for the soldiers second goal.

## Plays Last Game

RONNIE McCONNAN

While the Cowichan Cup final on Saturday was the last game of the 1937-38 rugby season in Victoria, it was also the final game for Ronnie McConnan, popular Oak Bay Wanderers player, and veteran of many McKechnie Cup battles. "I am getting too old," said McConnan laughingly, when he announced he would hang up his togs for good. Wally Stipe, J.B.A.A. scrum half, recently announced he would retire from the game after the current season was over.

## Smoke Eaters Smash Through Port Arthur 5 to 3 in Allan Cup Hockey

EDMONTON (CP) — Checked to a standstill for two periods, Trail Smoke Eaters were forced to stage a 40-minute power play before defeating Port Arthur Bearcats 5 to 3 after two overtime periods here Saturday night in the first game of the western Canada Allan Cup hockey finals.

A crowd of about 3,000 was delighted with the fanciest passing attack seen here in years as the British Columbia champions wiped out a two-goal deficit in a thrill-packed third period and continued their headlong rally to count twice in the second extra session.

Ability to get goals when they were needed and to take advantage of scoring chances was Trail's big asset. It gave the smelter town boys the lead in the three-of-five series that continues in Calgary tomorrow. Third game will be played Thursday in Saskatoon or Calgary.

While Smoke Eaters floundered for most of the first two periods in the wake of the rugged Port Arthur play, Bearcats were close often enough to gain a wide lead, but they muffled many openings.

Then in the first overtime, two Trail men were in the penalty box together for two minutes but Port Arthur failed to get its attack organized.

**SCORING POWER**

Another feature of the Trail offensive was the spread of scoring punch, goals being counted by forwards Joe Benoit, Johnny McCreedy and Ab. Cronie, and defencemen Jimmy Morris and Tom Johnston.

Stan King, rangy right wing, fired two goals for the Lakehead crew and passed to Hugh O'Leary for the other. O'Leary moved back to the defence line late this season, made the plays for both King's tallies.

The game was less than two minutes old when Benoit grabbed a pass from Bunny Dame and went in close before driving the puck into the top outside corner of the Port Arthur net.

Smoke Eaters' netminder, Duke Scodellaro, had no chance on the equalizer six minutes later. O'Leary rounded the goal on a rush and passed in front of the net to King whose shot was screened by a maze of players.

After two minutes of the second period, O'Leary made another rush around the goal and again passed to King, uncovered 20 feet in front of the net. King's rising shot beat Scodellaro easily.

Bearcats gained a 3 to 1 margin on another O'Leary rush four minutes later. The speedy defenceman shot from the blue line, missed the rebound and was going back when King's blind pass from the corner hit his stick. Scodellaro caught O'Leary's hard shot from 15 feet out but fumbled and the puck rolled across the line.

**TRAIL CUTS LOOSE**

Trail unleashed all its power at the start of the third but great work by goaler Jimmy Hill held off Smoke Eaters for seven minutes. Then with five men inside Bearcats' blue line, Kowcinak passed from behind the net and McCreedy slapped the puck past Hill from 15 feet.

Seconds later, Bunny Dame put the puck behind Hill again but the play was called back to the blue line.

Morris, only Smoke Eater who learned his hockey in Trail, got the tieing goal at the 14-minute mark. He was going at top speed when he hooked Mel Snowdon's

# Liberals Win Soccer Trophy

## Defeat Bapcos 3 to 1 in Final of Lewis Hall Cup Competition

Young Liberals appear to be well on the way to making a clean-up of the silverware in the Intermediate Football League this season. They placed the Lewis Hall Cup alongside the league championship cup in their trophy cabinet Saturday afternoon after beating Bapcos, 3 to 1, in the final at Heywood Avenue.

The game was keenly contested and was of the real cup tie type. Play was fast throughout, the ball swinging from end to end. Both defences had lots of work to do. Bapcos adopted a more robust style of play and were keen attackers.

Goal shots came thick and fast at both ends as the teams tried for the opening goal, but the half was well under way before Hetherington headed in the ball to give the Liberals the lead. Minutes later Bapcos drew level, Griffins scoring from a penalty kick. Hetherington boosted the Liberals into the lead before the breather arrived.

On resuming, Young Liberals left wing was active during some fine raids, but Pearce, at right back for Bapcos, turned in a clever performance. Time and again his fine footwork frustrated the movements of the opposing forwards. But the Liberals were finally rewarded when Carlow netted on a fast drive. Bapcos tried hard to reduce the Liberal lead, but the defence was too strong for them.

Dave McMillan refereed.

# Wanderers Win Cowichan Cup

## Whip J.B.A.A. 8 to 5 in Final Rugby Game of Current Season

The seed, coach Wally Brynjolfson sowed last fall bloomed vividly at Macdonald Park Saturday, as a classy Oak Bay Wanderers fifteen ran rings around the J.B.A.A. to capture the Cowichan Cup and the Vancouver Island championship with an 8 to 5 victory.

A host of Oak Bay supporters saw the black and white turn in their best exhibition of the season in whipping the provincial club champions for the third time. Sparked by some smart intermediate material, the Wanderers fielded a well-balanced squad that out-ran and outpassed the rowing club from the starting whistle.

As the clock ticked out the final minutes of the 1937-38 oval ball season, the Wanderers began their point-making drive to victory. Vic Moore, heavy Oak Bay forward, scored the first try of the game on a forward movement. An intercepted pass from Jack Ferguson to George Langdon saw Ray MacGregor race over the line for the Wanderers' second try. Ronnie McConnan converted.

Late in the first half Brent Murdoch, Wanderers, and Bill Halkett, Bays, collided head-on. Murdoch was taken from the field with a badly cut head and Halkett followed just before time. Both boys were said to have slight concussion.

A desperate rally by the weakened Bays in the final session saw Les Bridges go over the line. Red Dalzell converted. It was the only successful passing movement of the game on the part of the Oarsmen who took the field minus several of their regulars.

Percy Swetnam refereed.

The teams follow:

Oak Bay Wanderers — Ley, Buckler, Moore, Colthurst, Stevens, Gornall, Forbes, Palin, B. Murdoch, Barber, McGregor, McConnan, Olsen, G. Murdoch and Grogan.

# Westerns Are B.C. Champs

## Capture Sixth Game of Provincial Basketball Playoff 53 to 50

By ART STOTT

VANCOUVER — Halted three points shy of their objective in a terrific second half drive for victory in the deciding game of the series, Victoria Dominoes packed away their basketball uniforms today and waited for the opening of the boxla and softball seasons.

While a crowd of approximately 1,700 packed in the V.A.C. gym held itself on edge, the Victoria boys fought up from a 13 point deficit at the interval to lose the British Columbia men's senior A basketball championship series final 53 to 50 here Saturday night to the Westerns.

The verdict, heart-breaking for Dominoes, gave Vancouver the series on the better three of six games played.

The Dominoes went down fighting. They lost a basket when Taylor scored as he was fouled. But even that would not have been enough to overcome a final spurt by Al Beaton, Westerns second-stringer who went in for Jo-Jo Ross when the lanky Vancouver centre collected his fourth personal, six and one-half minutes from time.

Hank Rowe, hero of last Tuesday's game in Victoria, was bottled up all night.

**ART CHAPMAN HIGH**

Art Chapman, hitting his old form, sparked the Dominoes final drive, collecting 17 points to head both teams. Jimmy Bardsley and floor-wizard Wally Mayers showed the way for Westerns with 15 and 14 respectively.

Westerns were on. Their floor-play in the first half was pretty and their close checking further held down a visiting squad that started slightly wild.

Rowe opened the scoring for Dominoes. Willoughby sneaked in to snag the equalizer. Taylor put the Victorians ahead again on a foul shot and then Bardsley flipped in a close shot to give Vancouver a lead it never relinquished.

Mayers increased the edge to 6 to 3, Art Chapman converted a free throw and Mayers dribbled in again to make it 8 to 4 at the quarter.

Making their blocks count, with Mayers engineering their plays Westerns faked in and around the Dominoes to run up an 11 to 4 edge.

Art Chapman, returning to his shooting form tipped in a pretty basket, but Victoria could not hold the Vancouver boys, with Ross picking off rebounds continuously. Bardsley, Ross and Mayers rapped in a basket apiece before Art Chapman found the cage with a lovely long shot as the count rose to 15 to 8. Baskets by Davies and Rowe were offset by scores from Wright and Willoughby. Bardsley was slowed down by a knee injury. But

# CAGE CAPERS

By A. I.

Dominoes celebrated Hank Rowe's birthday on Saturday. On the boat going to Vancouver they gave him a fake birthday cake, all done up with matches for candles. And when the teams took the floor Westerns were positively prodigal in their attentions. Jo-Jo Ross hung on the high-scoring schoolboy's neck like a lavalier.

The strategy proved effective for Vancouver, but it almost failed when Art Chapman staged a great and gallant comeback in the scoring section.

Earle Jewell, strict as a Scottish school teacher, nearly flew off the handle as the Victoria rooting section kept up a continuous bird for the officials. Right behind Johnny Johnson on the Victoria bench was a particularly ardent Domino supporter. The fan made all sorts of suggestions to Jewell, mostly uncomplimentary. Jewell halted the game, raced over to the bench and, pointing a finger at Johnson, who had been comparatively quiet, shouted: "Any more out of you and you will go up into the stands."

Dave Nicol was not particularly pleased with the officials. At times it looked as if calls robbed Victoria of good field goal chances as Westerns were penalized and Dominoes, deprived of field shots, had to try from the foul strip. The referees were severe, but they had to be, with tension running as high as it did in the bilious green V.A.C. gym.

With spectators crowding almost on to the floor, an officious Vancouver cop marched to the Dominoes bench.

"Who's in charge of the Dominoes?" he challenged the Victoria civilian guard. "We are," came back the reply. "How many does it take?" the cop shot back. "About 20," Nicol answered.

The Westerns margin of victory wast just the amount by which Vancouver surpassed Victoria in the free-shot column. Westerns scored nine, Dominoes six.

Hard as it was for Victoria, the result was triumph for Al "Coldhands" Beaton. The Vancouver forward, regarded lightly throughout the series, came through in the pinch to score the needed three points to keep Westerns ahead. He was the fair-haired boy as he left the floor.

Despite his failure from the foul strip, young Busher Jackson turned in a good scoring performance. While Dominoes were climbing up the long hill to cut down a 13 point deficit, he looped through three field goals that helped a lot.

Vancouver fans called for a hearse at half-time, but they were hanging onto their seats in an electric atmosphere as the Victorians made their stretch drive, scoring 17 points in the third quarter and 19 in the

# Clean-up and Paint-up Week Opened Today

## Junior Chamber Is Fostering Campaign For Cleaner City

### Organization Urges All Citizens to Participate in Spring Drive

### ENDS SATURDAY

This is one week in the year when a concerted effort is made to encourage citizens to polish up their city. This is Paint-up and Clean-up Week, and when it comes to a close on Saturday the sponsors hope to see a brighter, cleaner and fresher-looking community.

The Victoria Junior Chamber of Commerce is conducting the campaign this year.

One of its main objectives is to encourage the painting of houses that have taken a bad beating from the weather over a period of years.

Sagging front porches do not look good. They should be given first aid, topped off with a coat of paint. Loose shingles are unsightly and should be replaced. Tottering fences should be strengthened. Walks, too, could probably stand a little attention, garages repainted, probably a broken window or two replaced and a score and one other incidentals attended to.

The majority of these would just take a little paint and lumber—both of which are not expensive at the present time—and a bit of hard work.

Minor repairs will make a big difference to the surroundings and Mr. and Mrs. Householder will be amazed to see the way it brightens up the home.

**GARDEN NEEDS ATTENTION**

But don't forget to give the garden some attention. It probably needs a little primping up. Give the lawn a trimming and shear the edges. Stir up the earth and give the plants a chance to bloom. Get the rake into action and tidy up the lot generally.

Of course there is just a chance that the man of the house has not the time to spare to attend to these matters himself. However, there are plenty of handymen available to undertake the task for him. In this manner he will be a real good neighbor. His place will be given a brighter appearance and he will have the satisfaction of helping some unfortunate person who is unable to find steady employment.

Mrs. Housewife generally takes charge of the interior of the home. But that part of the home does not require as much attention as the outside, as the mistress is on the job the year around. But if she were to look around she might find lots more to be done at this season of the year other than the spring cleaning session.

Therefore the housewife could probably use a man or woman to aid her in undertaking these labors. The spring, for instance, is an opportune time to have the chimney cleaned, the old ashes taken out of the cellar and that portion of the house thoroughly cleaned. There are numerous other things that could be done to improve the appearance of the interior.

Men to handle these jobs can be secured by phoning G 2411, and women at E1931.

The city will attend to cleaning the streets and boulevards of waste paper and other debris.

The whole-hearted support of all residents is hoped for during this beautification week by the Junior Chamber of Commerce and Mayor Andrew McGavin, who heartily endorses the campaign.

The Junior Chamber is out to serve a three-fold purpose: First, civic pride in advancing the beautification of the city; second, the creation of employment, and thirdly, the general stimulation of business.

## PAINT SALE BEING HELD

### Satin-Glo Dealers Offer Special Prices For Spring Redecoration

Every year with the approach of spring the British-America Paint Co. Limited announces its annual sale of Satin-Glo varnishes and enamels for interior decoration. Satin-Glo dealers everywhere throughout British Columbia are conducting this popular sale this week.

During the last few years the trend in new homes has been for brighter and more cheerful colors in all details of interior decoration. It has been found, too, that older homes lend themselves admirably to this rejuvenating process. Rooms that were dull and gloomy with wallpaper are being re-decorated with the delicate pastel tints of Satin-Glo Satin Finish that may be washed repeatedly and kept clean and sanitary at all times. Dark woodwork and furniture are finished in the brilliant, lustrous colors of Satin-Glo enamel; floors and linoleum given a coat of Satin-Glo durable varnish every spring retain their glistening beauty throughout the entire year and are easily kept clean at all times.

The manufacturers of Satin-Glo co-operate with their dealers everywhere in offering these popular varnishes and enamels at reduced prices. They emphasize the fact that the sale is for one week only, and therefore urge that all spring decorating be planned now in order to take full advantage of the saving that is offered.

## THISTLES AND WESTS VICTORS

(Continued from Page 9)

Hornsby the Thistles came out of their match with Esquimalt winner by two goals. It was not for the want of trying that Esquimalt failed to find the net. They Saanich net but Hornsby had decided to keep his goal clear for the afternoon and he did.

Although the Thistles scored a 2 to 0 decision they by no means had the better of the play. It can be safely said the Dockers were more often on the attack but they were unable to complete their forward rushes with goals.

After Esquimalt had held the edge for 20 minutes of the opening half the Thistles broke in the clear and Wallace found the net from close range. That ended the scoring for the first session.

Five minutes after the interval the Thistles wound up the scoring when Hope booted the ball into the Esquimalt net after a general scramble in the goalmouth. In the last 30 minutes play Esquimalt kept the Thistles practically hemmed in their own half but the final whistle sounded with no further scoring.

Bill Cull refereed.

The teams follow:

Saanich Thistles — Hornsby, Crowe, A. Speller, Williams, Leggett, M. Speller, Carmichael, Hope, Wallace, L. Speller and Armitage.

Esquimalt—O'Connor, Stewart, Joe Watt, Harris, Cooper, Sage, Bell, Tregellis, Barnswell, Holness, Payne and Hay.

A dial telephone system was patented in 1892.

Deep soils shrink noticeably in dry weather and expand when it is wet.

## TRAIL WINNER IN OVERTIME

pass a few feet out and he went over the Port Arthur goalie as the puck went under. He hurt his back in the crash but was back on the ice in a few minutes.

Cronie, former Calgary junior, finally matched the winning counter after two minutes of the second overtime period. He took a pass from Benoit just inside the blue line and worked in close to beat Hill with a low shot. Bearcats were short-handed two and a half minutes later when Johnston, parked in front of the net, slammed Dave Duchak's pass past Hill from 10 feet out, to increase the margin.

## CAGE CAPERS

(Continued from Page 9)

fourth, while Westerns netted 10 and 16 respectively.

They may have tighter finals in future, but it's doubtful if they will stage any productive of more confusion in the men's senior A division. There's still a strong feeling in Victoria that Dominoes copped the series 3 to 2, counting that so-called tie game.

Bert Davies started the second half with three personals, Art Chapman with two. Ross, longboy of Westerns had a couple when they resumed play.

If ever a team went down fighting, it was the Dominoes on Saturday. Their case looked almost hopeless at the half.

Roy Taylor was right in there. His height and aggressiveness accounted for four baskets and two foul goals in the second half.

## DOMINOES LOSE AFTER SENSATIONAL COME-BACK

(Continued from Page 9)

Westerns, playing inspired ball forged right ahead, Mayers, Bardsley, Willoughby and Ross alternating with long shots and bucket flips as the half ended 27 to 14.

Dominoes opened up in the third quarter, Jackson, Art Chapman, and Taylor cutting the lead to 30 to 22 as Westerns slowed down.

Mayers and Chuck Chapman each counted one free shot on a double foul. Victoria started to climb again, Jackson looping in a side-court shot and Art Chapman faking around for a close-in basket as the score went to 33 to 27 with three and one-half minutes to go in the third quarter.

Davies cut the lead to four points scoring on a neat block but Ross and Mayers pulled Westerns ahead. Taylor looped in a long one-hander to leave the score 37 to 31 as the third quarter ended.

Fouls came faster as the fourth opened. Taylor converted on a free shot after Willoughby had started the scoring and Chuck Chapman countered from well out as the score went to 39 to 34.

Bardsley converted a pair of foul throws and scored from the side court after Art Chapman had flicked in a close one as the count went 43 to 36.

Mayers added another basket and Ross wrestled Taylor to draw his fourth personal.

Taylor flipped in two quick baskets, before Bardsley netted a rebound and the total was 47 to 40.

Willoughby scored a basket to offset Taylor's convert. Art Chapman batted in a rebound with the score at 49 to 43 and the Dominoes forcing at a terrific pace. Art scored again to bring the total to 45 to 49, Beaton, in for Ross, offset it. Davies left on four personals. Rowe converted when Beaton fouled him and then fouled Beaton who also sank one to make it 46 to 52. Art Chapman scored again and Webster fouled Beaton who tallied on the shot.

Rowe brought the Dominoes dying rally to a close with a neat counter and the gun went with the final 53 to 50.

## Soccer All-stars Hold Practices

Candidates for the all-star soccer team to meet the Islington Corinthians here are asked to turn out to practices at the Athletic Park tomorrow and Thursday evenings at 7. Manager Jimmy Hall stated today that all players must be on hand or lose their chances to make the team.

## Good Friday Road Races Cancelled

After considerable canvassing in local and up-island centres with little result, officials of the Britannia Branch of the Canadian Legion have come to the conclusion that interest in distance racing is practically dormant among senior runners. As a result the branch has decided to cancel its annual Good Friday road races, which have been held annually for 20 years. There was better response from juniors and juveniles, but not enough to ensure success of the meet as a whole.

# THREE HOMES ARE ENTERED

## Cash and Cigarettes Taken By Thieves Who Prowled Over Week-end

Seven dollars in cash, cigarettes and the contents of a slot machine were included in the loot taken from three city homes over the week-end, according to police reports.

While members of C. Moore's family sat in the living-room of their home at 625 Michigan Street at 110 last night a thief lifted a bedroom window, reached in and took a woman's purse containing $7, a cigarette case and personal belongings.

J. Breadin's Dairy at 1044 Pandora Avenue was entered last night and $2 worth of cigarettes and the contents of a slot machine were taken. The entry was made through the front door of the dairy, which was double locked. A key was used on one lock and a padlock was broken.

A thief who entered the basement door of W. H. Robb's home at 298 Moss Street was seen leaving the premises after he had discovered the house was occupied.

Mr. Robb reported yesterday afternoon that his family had heard the door being forced on Saturday night and when they looked out a back window they saw a man fleeing down Oxford Street.

# CYCLIST AND WOMAN HURT

## Three Accidents Over Week-end But No One Seriously Injured

An elderly woman and a cyclist suffered minor hurts and two automobile drivers escaped uninjured in three accidents reported to the city police over the week-end.

Mrs. W. J. Good, 3116 Washington Avenue, a pedestrian, injured her left leg and suffered from shock when she was knocked down by a car on Burnside Road last night shortly after 10. The car was reported driven by G. McPhee, 3154 Qu'Appelle Street. Mrs. Good was taken to city police headquarters, where she was given first-aid and later removed to her home by Constables James Strong and Harry Mercer.

George Hale, 1341 Gladstone Avenue, a cyclist, was in collision with a car at Pandora and Stanley Avenues at 2.15 yesterday afternoon, a police report said. The cyclist was reported to have run into the side of a car driven by Robert P. H. Baird, 948 Foul Bay Road. He was attended for minor hurts at his home by Dr. T. McPherson.

Three cars were involved in a crash on Johnson Street, between Store and Wharf Streets, at 11.40 Saturday night. Roy Burgess, 1312 Stanley Avenue, reported he was driving east on Johnson Street and passing a car parked on the south side when he was in collision with a car driven west on Johnson Street by Charles Edwin Faulkner, 936 Fullerton Street. All three cars were reported damaged by the impact, the Burgess car having been pushed into the parked machine.

Faulkner appeared in the City Police Court this morning on a traffic charge and was remanded for one week.

# DISCUSS LEGAL AID FOR POOR

A proposal to provide legal aid for the poor, expanding the civil court policy adopted in certain parts of the prairies, to include criminal cases, was discussed by Frank Hall before the benchers of the Law Society of B.C. in session here today.

The plan followed in certain parts of Canada has been advanced to provide recourse to the courts to those of no means. Under it a committee considers the merits of a claim by an indigent. If the case seems worthy of court action, the indigent is turned over to a member of a panel of lawyers who proceeds with the action, for which no fees are charged. If the plaintiff is successful, costs are assessed against the defendant.

The departure to cover criminal appeals would follow a similar course, except that there would be no monetary reward for the lawyer conducting it. Such work would be left to young barristers who considered the experience and prestige from the trial sufficient recompense, it was understood.

Two of the 10 most valuable parcels in New York City are situated where Broadway meets 42nd Street. They are valued at $22,000 a front foot.

# TOWN TOPICS

**Five motorists who pleaded** guilty to charged of over-parking their cars in the business section of the city were each fined $2.50 in the City Police Court this morning.

**A meeting of former members** of the 88th Battalion, C.E.F., will be held in the Army and Navy clubrooms on Thursday evening, April 14, at 8. Reports will be presented and officers elected for the ensuing year.

**George Kitchener, charged with** breaking and entering the home of A. B. Morkill, 750 Pemberton Road, and committing theft, was remanded until Thursday when he appeared before Magistrate Henry Hall in the City Police Court this morning.

**A large number of young people** attended the song service at the Y.M.C.A. on Sunday evening, when the Victoria Truth Centre Young People's Society conducted the service. Several violin and vocal solos were rendered by the members, and refreshments were enjoyed after the service.

**The United Young People's** Societies of Victoria will compete this evening at the First United Church in the fourth annual drama festival for the J. W. Spencer trophy. The adjudicator will be F. **The Tuberculous Veterans** Branch, Canadian Legion, will commemorate the eve of the battle of Vimy Ridge by staging a social evening in their clubrooms, 812 Branshard Street, on April 8, commencing at 7.30 p.m. The ladies' auxiliary, and members and their wives are asked to make a special effort to attend this function. There will be entertainment, followed by refreshments and games, for which a liberal number of prizes will be awarded.

# Youth Hostels Draw Hikers

## Accommodation Would Draw 2,000 to Vancouver Island, Says Visitor

An influx of 2,000 regular bicycling and hiking tourists from the Pacific Coast of the United States to Victoria and Vancouver Island each year, would be the outcome of a youth hostel project here, according to John G. Hanna, field worker for the American Youth Hostels Inc., who was in the city today.

Investigating the proposition on the island, Mr. Hanna visualized it as one of the finest hiking areas in the northwest. A feasible plan for overnight facilities, 30 miles apart throughout the scenic sections of Vancouver Island, was outlined. There were already eight such hostels in the Puget Sound country, he said, where youths could stay for a charge of 25 cents.

In the United States there were 110 hostels with an increase to over 200 expected this spring. Passes would be issued from a central point which would entitle hikers to the privileges of the hostels along their route of travel. In each case the hostels would be essentially farms where the hikers could sleep in barns or stables equipped with bunks.

They would cook their own meals through the purchase of farm produce such as eggs, milk and vegetables. Visiting the Chamber of Commerce today, Mr. Hanna said he hoped to interest Vancouver Island service clubs and youth organizations in the project. In the Old Country he said there were 90,000 holding youth hostel passes, and 5,000 hostels in 20 countries. Approval of the development on Vancouver Island was recently voiced by the Old Country branch of the association. Covering six states in the northwest, Mr. Hanna is located in Seattle at the present time.

Actual formation of the American Legion took place in Paris March 15-17, 1919, with about 1,000 representatiye officers and enlisted men in attendance.

# Seek New Outlets For Wood Products

## Asselstine Plans Big Research Program to Promote Industry

A move to protect the commercial future of British Columbia's big forest industries by research on the development of pulping and other by-products and finding markets for them was announced this morning by Hon. W. J. Asselstine, Minister of Trade and Industry.

Just back from Ottawa, Mr. Asselstine said he had discussed with federal officials a program of research as a basis on which new industries may be built to utilize wood products, chiefly through pulp. He proposes to put the department's support right behind this plan.

Mr. Asselstine arranged with T. A. McElhanney, superintendent of the Dominion forest products laboratory, to come to the coast shortly. A conference will then be arranged between all interested groups, including representatives of the industry, local forestry experts, Mr. McElhanney, the trade branch and the forest laboratory staff at U.B.C. maintained by the Dominion.

At this conference the whole range of possibilities for producing chemical pulp and other by-products of the forests will be discussed; the particular advantages which B.C. woods may hold in producing them, and the chances of developing markets.

"I think that the future of our lumber markets, when our present virgin timber goes, depends to a great extent on this work," Mr. Asselstine said. "I devoted most of my time in Ottawa to this matter."

The use of chemical pulps, rapidly growing throughout the world, opens up large avenues for new industry in British Columbia, Mr. Asselstine said.

**BEST PULPING WOODS**

At present the timber industry is devoted in large measure to the sawn lumber business, except for the pulp plants along the coast. Most of the lumber comes from Douglas fir, but there are vast stands of hemlock and spruce which are the best pulping wood. The research program may show the way to wider markets for these woods and the development of industries to supply them.

"Ottawa has promised us all the co-operation in the world and we are very hopeful of definite results," Mr. Asselstine said.

The research plan will tie in with the forestry branch's new program for forest conservation which gets underway this year. Protection and growth of the forests is one side of the problem. The finding of new products and markets for them is another, it was explained.

Mr. Asselstine said he has also instituted more research work through the mines department on non-metallic ores. J. M. Cumings, of his department, is now visiting industrial plants in the east to explore the uses of these ores and see what can be done to utilize numerous deposits in British Columbia.

# DROP SHOWN IN RELIEF COSTS

## Annual Figures Show City Paying About $40,000 Less Than 1936

Total relief expenditure for Victoria last year stood at $364,505, a figure $95,134 below the $441,639 listed for 1936, according to figures in the annual report compiled at the city relief office and filed today for council consideration.

While total costs fell by $95,134, the amount paid by the city was roughly $40,000 below 1936.

An average of 683 family heads received monthly aid in the city last year against 848 in 1936.

Total administration costs last year were $29,012.40 against $29,715.19 the preceding year. Included in the administration costs were allowances of 8.26 per cent for wages and .88 per cent for office expenses.

Total costs of direct city charges rose $400 last year, while those for social services showed a reduction of $27,380 owing to the action of the provincial government in taking over a large share of expense in respect of tubercular cases and part of the asylum charges.

**"The Outlook in International** Affairs" will be the subject of a lecture by Prof. F. H. Soward of the Department of History at the University of British Columbia. The lecture will be held this evening at 8.15, in the Central Junior High School. As this will be the last lecture of the University Extension Series, a short business meeting for the election of officers will be held first.

# ADMITS HAVING STOLEN GOODS

## Irene Craddock Pleads Guilty to Possession Charge; Remanded For Sentence

Irene Craddock, 23, charged with the possession of property stolen from the home of James Martin, Duncan, pleaded guilty before Magistrate Henry Hall in the City Police Court this morning and was remanded until Wednesday morning for sentence.

Sergt. F. J. Kennelly of the Provincial Police testified he had executed a search warrant with other provincial and city police officers of a room occupied by the accused in the city. Sergt. Kennelly said in this room she was staying with a Clarence McKenzie, both being registered as "Mr. and Mrs. Smith."

McKenzie is also charged with the possession of stolen property and will appear in court tomorrow.

Sergt. Kennelly said the stolen property had been recovered in the room and identified by Mr. and Mrs. Martin in the presence of the accused.

The case was remanded for sentence pending the hearing of the charge against McKenzie.

# CANADA FACES NO RECESSION

## Slump Chiefly Talk As Far As Dominion Concerned, Says Insurance Man

The business recession in Canada is largely a matter of talk with little reality, in the opinion of J. A. McAllister, Montreal, superintendent of agencies of the Sun Life Assurance Company of Canada, who is in Victoria today.

"Business is keeping up all right. The trouble is that everyone has got stage fright. Of course some businesses in Canada were bound to be hit by conditions in the United States. I know our business is doing fine. It increased 15 per cent in the last year," said Mr. McAllister at the Empress Hotel this morning.

"On the prairies, even in the sections where conditions are worst—around Regina for instance—the outlook is the best in years," he added.

Mr. McAllister, who is also president of the Canadian Life Agency Officers' Association, and who was at one time well known as a rugby football player, is making his annual tour of agencies of his company across Canada. The Sun Life Assurance Company is stated to be the largest life insurance organization in the British Empire.

Major W. G. McIntosh, M.C., assistant superintendent, and A. L. Wright, manager of the Vancouver agency, accompanied Mr. McAllister here today. They went into conference at 10 this morning with W. E. G. McLagan, island manager of the company, and 16 agents from Victoria, Nanaimo, Duncan, Courtenay and other island points.

Major McIntosh, who was an officer of the Seaforth Highlanders of Canada during the Great War, is a former member of the British Columbia branch of the company.

He has just returned from four years in charge of the Sun Life's British office.

## Georgian Group In Fine Recital

The Georgian Choristers pleased a large audience at the First Baptist Church yesterday afternoon when they sang the program for the Twilight Recital under the leadership of Mrs. Georgina Watt with Miss Ethel James at the piano. The choir was introduced by M. W. Thomas, president of the First Baptist Choir.

Soloists were Arthur Jackman, Georgina Watt, and Eva Keating, while singing in a double trio were N. Kyle, L. Meston, Eva Keating, Violet Fowkes, B. Gill and A. Greenway.

Miss Patricia Williams gave much pleasure with a group of violin solos and also appeared in a duet with Miss Dorothy Francis.

The final concert in the series of Twilight Recitals will be given next Sunday when the choir of the First Baptist Church, under C. C. Warren, will sing the cantata "The Crucifixion."

# OBITUARIES

**EDWARD S. FRITH**

Funeral services, attended by many friends, were held Saturday afternoon at the S. J. Curry & Son Funeral Home for Edward (Ted) S. Frith, San Francisco. Canon F. A. P. Chadwick officiated, during which one hymn, "Abide With Me", was sung. A large number of beautiful floral tributes covered the casket. Interment was in the family plot at Royal Oak Burial Park, with the following acting as pallbearers: W. F. Drinkle, Stanley Baker, H. Broadbent, Alec Sedgley, Walter Sylvester and J. House.

**HENRY JAMES**

An unusually large number of sympathizing friends attended funeral services Sunday afternoon for Henry James of 78 Jasmine Avenue, Saanich. Rev. Wm. Allan conducted the service during which two hymns, "Jesus Lover of My Soul" and "Jerusalem the Golden" were sung. Many beautiful floral tributes were received. Interment was in the family plot at Colwood Burial Park with the following acting as pallbearers: Frederick Slydell, A. P. Fryatt, G. N. Klevill, J. Hobden, J. Jones and D. Sim.

**WALTER FRANCIS WINTER**

The funeral of Walter Francis Winter, who passed away at the Royal Jubilee Hospital Saturday, aged 43 years, will take place tomorrow afternoon at 2.30 from McCall Bros. Funeral Home. Interment will be in St. Mary's Churchyard, Metchosin. Mr. Winter was born in Derby, England, and had been a resident of this province for 26 years. He is survived by his widow, of Sproat Lake, V.I.; one sister, Mrs. L. Fields, Metchosin; also three nieces, an aunt, Mrs. D. J. Ruddle, Metchosin, and an uncle and aunt in England.

**FRED HARMAN**

Funeral services will be conducted in the Sands Mortuary Chapel tomorrow afternoon at 2, Canon H. W. G. Stocken officiating, for Fred. Harman, who was found dead in bed at his home, 568 Vincent Street, on Saturday morning. The remains will be cremated at Royal Oak Crematorium, and it is requested no flowers be sent. Born in Keighley, Yorkshire, 58 years ago, Mr. Harman was a veteran of the South African war and also served with the British forces in India. He had been a resident of Victoria for 26 years, and is survived by several brothers and sisters in England.

**LOUIS PIETERS**

Louis Pieters of Wilkinson Road, Saanich, passed away Sunday at St. Joseph's Hospital after a short illness. Mr. Pieters was 76 years of age, was born at Breedene, Sas Slykans, Belgium, and moved to this city 15 years ago from Ostend, Belgium. He is survived by his widow, at the family residence; two daughters, Mrs. G. Pauwells, in this city, and Mrs. B. Auvrin of Hollywood, Cal., and two sons, Richard, Wilkinson Road, and Charles, in Belgium; 12 grandchildren and one great-granddaughter. Funeral services will be held Wednesday morning, the cortege proceeding from the S. J. Curry & Son Funeral Home to St. Andrew's Cathedral, where Rev. Father J. Geukers will celebrate mass at 9. Interment will be in the family plot at Ross Bay Cemetery.

**LOUISE FLETCHER**

At St. Joseph's Hospital Mrs. Louise Fletcher, wife of C. C. Fletcher of Esquimalt, passed away Saturday, aged 57 years. Born in Esquimalt, Mrs. Fletcher had been a resident here all her life. She is survived by her widower; one son, G. Barker, Esquimalt; one daughter, Mrs. Spateholz, Berkeley, Cal.; two sisters, Mrs. A. Teele, Victoria, and Mrs. M. Lassiter, Salt Spring Island; eight grandchildren and several nieces and nephews.

The remains are reposing at the family residence and funeral services will be conducted on Wednesday morning in the Catholic Chapel, Admirals Road, at 9. Rev. Father A. B. Wood will celebrate mass and the remains will be laid at rest in the church cemetery. Sands Mortuary has charge of the arrangements.

**JANE TAYLOR**

At the residence, Brentwood, the death occurred Sunday morning of Mrs. Jane Taylor, in her 74th year. Mrs. Taylor was born at Penrith, Cumberland, England, and had been a resident of Victoria and vicinity for 30 years. She is survived by her widower, Edwin Taylor, at the family residence; a daughter, Mrs. Wilfred Mudge, Royston, V.I.; four stepchildren, Mrs. J. Roberts, Brentwood; Mrs. W. R. Roskelley, Victoria; Mrs. R. Child, Vancouver, and J. E. Taylor, Victoria; also one grandson, a nephew, J. Elliott of Dead Tree Point, and a niece, Mrs. D. Davis, Victoria. The cortege will leave the family residence on Wednesday at 2.40 for funeral in St. Stephen's Church, Mt. Newton Cross Road; at 3 Rev. T. R. Lancaster will officiate, and the remains will be laid at rest in the churchyard cemetary. Sands Mortuary have charge of the funeral.

# Last Tribute To Canon Flinton

## Many Clergy at Funeral Services in Cathedral Saturday

A large congregation, including clergy from all parts of the diocese of Columbia, paid their last tribute of respect to Canon John William Flinton at funeral services held in Christ Church Cathedral Saturday afternoon.

Rt. Rev. H. E. Sexton, Bishop of Columbia, conducted the services, assisted by Rev. Robert Connell. The hymns "My God, I Love Thee" and "Lord, It Belongs Not to My Care" were sung. A profusion of beautiful floral tributes was received.

The following clergymen were the honorary pallbearers: Archdeacon A. E. de L. Nunns, Canon F. A. P. Chadwick, Rev. Alan Gardiner, Rev. P. C. Hayman, Rev. O. L. Jull, Rev. S. Ryall, Rev. T. M. Hughes (representing the Nanaimo Deanery), Rev. C. Lee, Rev. A. E. Hendy and Rev. R. E. M. Yerburgh.

The active pallbearers were Rev. T. R. Lancaster, Rev. R. Connell, Rev. E. O. Robathan, Rev. F. Comley, Rev. A. Bischlager and Rev. F. V. Venables. Rev. William Barton, Rev. F. L. Stephenson and Rev. A. E. Balfour-Bruce were also present.

The remains were laid at rest in the family plot in St. Luke's Churchyard, Cedar Hill, Rev. S. Ryall taking the committal service, assisted by Rev. F. V. Venables. Hayward's B.C. Funeral Company was in charge of the arrangements.

# DISCUSS WAGE SCALE TONIGHT

City school trustees prepared today to resume their revision of the teachers' salary scale at a special meeting of the board tonight.

The session, it was learned, would be conducted in camera.

No definite decision was expected following the meeting at which various features of the scale problem are scheduled for discussion.

In the meantime, the teachers have, through their association, requested an interview with the board, presumably on the salary question.

## Beck Report Is Heard in Camera

The City Council met at 1.45 this afternoon and adjourned almost immediately to hear a confidential report from R. W. Beck, utilities engineer and power expert, on Victoria's potentialities.

Mr. Beck came to the city this afternoon to implement his remarks on a recent field survey of the city's power possibilities. The meeting was in camera.

Following the report, the council reconvened for its regular business.

# St. John's Wants Rev. G. R. Bolster

At a meeting of the St. John's congregation last evening after the regular evening services, it was decided to ask Bishop Sexton to allow Rev. G. R. V. Bolster to remain as assistant pastor of St. John's Church.

Rev. Bolster had been offered the parish at Courtenay to success Rev. F. C. Chapman, who had recently resigned there.

A strong resolution was also passed urging Canon F. A. P. Chadwick to remain as rector and not to consider resigning at this juncture. Canon Chadwick stated that it was his wish to retire, but it was the evident desire at the meeting, expressed by a resolution of loyalty, that the present condition of the ministry of the church should remain as it is. As a result of the congregation's wish, Canon Chadwick stated that he would remain.

**The Victoria Poultry Association** will meet on Tuesday evening at 8 in the Y.M.C.A.

# JAMES CAGNEY AT THE PLAZA

### Popular Player Carries Leading Role in "Something to Sing About"

Anyone who takes it for granted that James Cagney, now being starred in Grand National's elaborate musical and dancing picture, "Something to Sing About," which is at the Plaza Theatre, is forsaking the dynamic, virile roles in which he gained his greatest fame since coming to the screen, will have another guess. It is true that in this picture, produced by Victor Schertzinger and Zion Myers and directed by the former, Cagney's role is that of an orchestra leader, who later becomes a motion picture actor.

"Wallaby Jim of the Islands" starring George Houston, is also on the program.

# RAILWAY EPIC AT COLUMBIA

### "Silent Barriers" Filmed in Canadian Rockies and Has Fine Cast

Close to $1,000,000 was spent in the making of the Gaumont epic of railroad pioneering, "Silent Barriers," which opened today at the Columbia Theatre, starring Richard Arlen with the Viennese actress, Lilli Palmer, and Antoinette Cellier. The film was made entirely in the Canadian Rockies, requiring the transportation of complete motion picture studio equipment 6,000 miles away from the home studio, and using thousands of extras.

Evelyn Brent and John Barrymore are the stars in "Night Club Scandal," also being shown.

# SEATTLE IN TWIN DEFEAT

### Rainiers Drop Pair of Coast League Ball Games to San Diego

Their uniforms already spotted with dust, the boys who swing the hickory spell today with the opening series of the 1938 season history and the Sacramento Solons holding undisputed possession of first place.

The usual Sunday flare of doubleheaders saw the Solons quietly blast the Oakland Acorns 5 to 0 in the opener and 5 to 2 in the nightcap. The double loss gave the Oaks undisputed claim to the cellar. They lost the season's opener, 6 to 4, Saturday.

In a 10-inning thriller marked by a brace of homers, San Francisco Seals staged a typical movie finish to defeat Portland, 9 to 8 in the first game. In the second game the Beavers squared accounts with a 5 to 2 win.

After dropping the first game of the season to Seattle San Diego's 1937 champions gave the home town folks a treat by nosing out the Indians 4 to 3 in the opener and then blanking them 9 to 0 in the seven-inning second game.

Hollywood played give and take. The Stars defeated Los Angeles 8 to 1 in the opener, but lost the nightcap 13 to 3.

# PICARD SETS TOURNEY PACE

AUGUSTA, Ga. — A tightly jammed star field, led by the straight shooting Henry Picard of Hershey, Pa., headed down the final 18-hole stretch of the fifth annual Augusta National invitation golf championship today, but the big news was that grand slammer from Georgia, Robert Tyre Jones Jr.

To the elation of everyone, Bobby made a comeback reminiscent of his world-conquering days yesterday when he breezed over the final nine holes with a record-tying 33 to post a third round total of par 72 and a 54-hole tally of 222, just seven shots behind the pacemaking Picard.

## Local Bowlers In Northwest Event

SEATTLE — Garnet Hudson, secretary of the Northwestern International Bowling Congress, predicted a record entry of 200 five-man teams, or a total of 1,000 pin-smashers, in the 26th annual tournament here, April 27 to May 8.

Eighty-eight out-of-town teams already were entered from British Columbia, Washington, Oregon, Idaho and California.

Entries to date include:

Victoria—The Poodle Dog Cafe, Victoria No. 1.

## Where to Go Tonight
(As Advertised)

ATLAS—George Arliss in "Dr. Syn."

CAPITOL—Constance Bennett in "Merrily We Live."

COLUMBIA—"Silent Barriers" starring Richard Arlen.

DOMINION — Edward G. Robinson in "A Slight Case of Murder."

OAK BAY—Eddie Cantor in "Ali Baba Goes to Town."

PLAZA—James Cagney in "Something to Sing About."

# GEORGE ARLISS AT THE ATLAS

### Great English Actor Gives Brilliant Performance in "Dr. Syn"

George Arliss has played emperors and prime ministers, sultans and warriors, but he has unquestionably the finest role in his career as the parson-pirate in "Dr. Syn," his newest starring vehicle, which opened today at the Atlas Theatre. Packed with dramatic action, with bloodcurdling episodes and exciting chase, this picture offers, too, a splendid opportunity for this veteran of the stage to demonstrate his great skill as a character actor.

# GAY COMEDY AT CAPITOL

### Constance Bennett and Brian Aherne Appear in "Merrily We Live"

"Merrily We Live," the Hal Roach-M-G-M uproarious successor to "Topper," one of last season's Capital comedies, opens today at the Capitol Theatre with Constance Bennett of the former hit once again cast in a comedy portrayal, this time co-starred with Brian Aherne, who recently scored in the title role of "The Great Garrick."

The new picture, based on a screen play by Eddie Moran and Jack Jevne, was directed by Norman Z. McLeod, director of "Topper" and other film successes, and its supporting cast reads like a "Who's Who" of Hollywood celebrities.

# Eddie Cantor At Oak Bay Theatre

Today's greatest fun-maker, Eddie Cantor, and the greatest musical hit-makers, Twentieth Century-Fox, combines talents and resources to produce the famous comedian's greatest starring mirth-musical spectacle, "Ali Baba Goes to Town," which opens today at the Oak Bay Theatre. Tony Martin, Roland Young, June Lang and Louise Hovick head the important supporting cast.

## Dominion Books Comedy Feature

A new and attractive team of youngsters makes its appearance tomorrow at the Dominion Theatre in "Love, Honor and Behave," the newest Warner Bros. comedy-drama.

The boy is the tall, young pugilist of "Kid Galahad"—Wayne Morris. The girl is small and dainty Priscilla Lane whom Warner Bros. enticed away from Fred Waring's Pennsylvanians after her performance in the recent musical hit "Varsity Show." "Love, Honor and Behave" is the story of a boy brought up by a doting mother to become her impression of a gentleman.

The second feature will star Boris Karloff in "The Invisible Menace."

# HUNTER TAKES FOUR PANDAS

## World Market in Rare Animals Slumps With Report From China

CHENGTU, China (AP) — Floyd Tangier (Animal) Smith, United States big game hunter, arrived here Sunday with four giant pandas from the wilds of western Szechwan province.

In his record catch are three cubs, believed to be the only males of the teddy bear-like members of the raccoon family in captivity.

CHICAGO (AP) — The world market in baby giant panda pointed downward today after the arrival in Chengtu, China, of Floyd Tangier Smith, with four of the bear-like animals.

News of his record catch came only a few days after the death of Su-lin, which was purchased by the Chicago Zoological Society for approximately $10,000. Mei-Mei, a younger panda, was placed in the society's zoo at Brookfield a short time ago. Both females were captured by Mrs. William H. Harkness Jr. in the wilds of western China.

Su-lin, who completed a year at the Zoo February 8, won fame as the first giant panda ever exhibited in the United States.

Commenting on Smith's big capture, Francis E. Manierre, a member of the society's animal committee, said "we certainly are interested."

A number of Victorians saw Mei-Mei while the liner Empress of Russia, which carried Mrs. Harkness and the animal from the Orient to this continent, recently passed through Victoria.

# Modest Returns For Gold Panners

LILLOOET, B.C. (CP)—Reports that an important gold discovery had been made along the Bridge River where it runs 13 miles through Lillooet Indian Reservation were discounted by veteran miners in this Cariboo district town.

But the veterans said a dispute between the reserve Indians and white miners of the district had cut down the "spring harvest" of many old-time miners in the area.

The Indians recently ordered eviction from the reserve of about 20 miners who allegedly were panning for gold along the river when they did not ho'd required permits to do so issued by the Indian Department.

The Bridge River has produced large quantities of gold during the past 26 years, but the yield has greatly reduced in recent years. Miners said it was still possible to recover between 50 cents and a dollar's worth of flake gold in a day.

Some of the miners evicted by the Indians were believed to have applied for unemployment relief allowances.

Only once before in recent years has trouble occurred between the Lillooet Reserve Indians and outsiders. Chinese used water from Indian ranches for mining purposes. They were forced to leave the area by an Indian agent.

# BEAUX-ARTS IN DRAMA FINALS

OTTAWA (CP)—The Dominion Drama Festival headquarters today announced names of 15 amateur dramatic societies which will compete in the festival finals next month in Winnipeg.

The Victoria Beaux Arts Society's presentation of "Hands Across the Sea" was among the short plays selected for the finals.

Entry of the groups into the finals was recommended by Malcolm Morley, regional adjudicator. At Winnipeg, the players and their work will be judged by Barrett H. Clark of New York, American playwright and critic.

# London Market

LONDON—Despite reactions in some sections, the stock market closed steady, continental buying and continued firmness in Wall Street being contributing factors to the advance. Trans-Atlantic shares closed fractions to three points higher and the industrial group moved upward, especially tobaccos, rubbers, liquors and electrical equipment issues. Cable and Wireless was exceptionally strong, advancing about two points. Foreign bonds were firm.

Closing: Anaconda, $24⅝; C.P.R. $5½; International Nickel $41¼; U.S. Steel $40⅝; Central Mining £22¼; Consolidated Goldfields 63s 9d; Courtaulds 30s 6d; H.B.C. 20s 6d.

Bonds: British 2½% Consols £74⅛; British 3½% War Loan £101⅞; British Funding 4s 1960-90 £111⅝.

# Michigan Power Agreement Sought

DETROIT (AP) — Governor Frank Murphy called together today representatives of the Consumers' Power Company and a union whose members seized control of seven utility plants in southern Michigan.

The governor said en route home he expected settlement of the dispute "within a day or so." Spokesmen for each side voiced hopes prompt results would be obtained.

Electric and gas service in the vicinities of Lansing, Flint, Bay City and Saginaw, where members of the Utilities Workers' Organizing Committee seized the plants Friday night, has continued without interruption.

# Blum's Finance Plan Approved

## French Cabinet Accepts Virtual Exchange Control; Faces Senate Battle

PARIS (AP) — The French cabinet today approved Premier Leon Blum's financial projects, including centralization of all exchange operations in the Bank of France. Financial experts interpreted such centralization as virtual exchange control.

M. Blum's proposals, which must be submitted for parliamentary approval and are expected to encounter difficulties in the Senate, also provide for revaluation of the gold stock in the Bank of France "at actual level."

This was regarded by financiers as possibiy amounting to a new devaluation.

A third item in M. Blum's financial revision would place an "extraordinary tax" on capital holdings such as bank accounts, stocks and bonds. This tax would start at 4 per cent, but it was said sums under 100,000 francs (currently about $3,000) would remain tax-free.

**REGISTRATION PLAN**

Additional measures to prevent tax frauds were proposed by the premier. He suggested security holdings unregistered at present should carry the name of the owner so taxes against these holdings could no longer be avoided.

Friends of Premier Blum said he was ready to consider any opposition amendments, but definite rejection of the bill would bring about resignation of his cabinet.

During the day M. Blum went before the finance committee of the Chamber of Deputies to plead for special powers to effect the changes by decree.

# URGE EMPIRE MARKET PLAN

## Conference in Australia Decides Producer-controlled Council Needed

SYDNEY, Australia (CP-Reuters)—An Empire producers' conference today unanimously resolved to recognize "the need for orderly marketing of Empire primary products."

The meeting recommended that Empire producers' organizations co-operate to establish a producer-controlled and financed commodity council, representation being on the lines of the Empire Beef Council and the International Beef Conference.

Its duty would be "to assist and advise constituent organizations with reference to the flow of supplies of primary products in the United Kingdom market" in consultation with Empire ministers. The council also would seek expansion of existing markets and creation of new ones with the objective the absorption of Empire surpluses.

# U.S. STEEL HAS NEW CHAIRMAN

## E. R. Stettinius Jr. Elected When Myron C. Taylor Resigns

HOBOKEN, N.J. (AP)—Stockholders of the United States Steel Corporation today approved proposals for changes in capitalization designed to prepare the way for possible new large-scale financing. They also heard Myron C. Taylor, after 10 years in office, resign as chairman of the corporation. His successor is Edward R. Stettinius Jr., 37-year-old chairman of the finance committee.

In a valedictory review of his chairmanship with the world's largest steel maker, Taylor told stockholders he held "no doubts whatever to the ultimate future of both the nation and the corporation."

Of his signing of a contract with the steel workers' organization committee, Committee for Industrial Organization affiliate, Taylor said:

"The union has scrupulously followed the terms of its agreement and, in so far as I know, has made no unfair effort to bring other employees into its ranks.

# Wheat Follows Lower Trends

WINNIPEG (CP) — World wheat markets followed Liverpool's lower trend today with Winnipeg futures, aided by apathy on part of buyers, closing ⅝ to 1¼ cents down, May $1.19⅝, July $1.07⅞ to $1.08 and October 87¼ cents.

October future sagged to a seasonal low and other wheat options were down more than a cent despite keen cash wheat demand and minor Canadian export business of 100,000 bushels.

Chicago fell about 2 cents and Buenos Aires 1⅜ to 1¾ cents at noon. Liverpool closed 2 to 2¼d lower.

Cash wheat business continued light. Nos. 1 and 3 northern spreads improved a cent but other grades generally were unchanged. The top grade averaged 26 cents premium above the May future.

Rye slumped more than 4 cents when stop-loss selling occurred. Oats, barley and flax trade was thin, prices moving to lower levels with wheat.

Flax closed 4½ cents lower, rye 4 to 3¼ lower, oats ⅝ to ⅞ lower and barley 1 to 1⅛ cents lower.

CHICAGO (AP)—A two-cent fall in Chicago wheat futures today, sending prices to below 80 cents for the first time in three years, accompanied increased prospects of bumper domestic yields.

July contracts led the decline of wheat prices here, and dropped to a low of 79⅛ cents a bushel. Late estimates were that only 100,000 bushels of North American wheat was bought today for shipments to Europe.

At the close Chicago wheat futures were 1⅛ to 2⅛ cents lower compared with Saturday's finish, May 82⅝ to ¼, July 79¼ to ⅜, corn 1 cent to 1⅝ down, May 59⅝ to ¾, July 60⅞ and oats 1⅛ to 1⅝ off.

# BUMPER CROP IN U.S. SEEN

## Largest Wheat Production in Seven Years Reported Possible

CHICAGO (AP)—A half dozen Chicago crop experts, preparing their first estimates of 1939 wheat production in the United States, today pored over reports from hundreds of farm communities which indicated that harvesting of the biggest crop in seven years, valued as high as $720,000,000, is possible.

Rain over much of the belt the last few weeks, with winter wheat ahead of normal growth and planting of spring wheat already well started, has resulted in the biggest flow of the most favorable crop reports in years.

Unofficial forecasts of total United States production, ranging from 800,000,000 to 900,000,000 bushels, already have been made. Although the market value of this year's indicated harvest will fall below last year's $1,000,000,000 crop because the price is lower, it will be larger than the crops of the preceding five years.

**STRIKE IN TORONTO**

TORONTO (AP)—A strike of artists from individual Toronto firms spread today when 17 were called out from Rapid Grip and Batten Company by officials of the artists' union who charged the company had refused to negotiate with the union. Twenty-three artists went on strike at Bridgens Ltd. early last week.

# VATICAN RADIO SPEECH DENIED

## Broadcast Aimed at Nazis Not Official, Says Catholic Paper

VATICAN CITY (AP) — L'Osservatore Romano, Vatican newspaper, said today that last Friday night's Vatican station broadcast on "Political Catholicism" was "neither official nor semi-oficial nor inspired."

The station broadcast a statement in German of "false political Catholicism" which had "brought heavy damage to the honor and esteem of the church."

Earlier on the same day L'Osservatore Romano had published a brief note which said it was authorized to say that a declaration by Austrian bishops concerning National Socialism "was formulated and signed without previous or subsequent approbation of the Holy See and was made on the sole responsibility of the Austrian episcopacy."

# American Telephone Buying Buoys Market

NEW YORK (AP) — With the exception of a burst of strength in American Telephone and general firmness of rails and specialties, the stock market today drifted.

For the list as a whole the news lacked stimulating qualities, and traders who were aboard the brisk week-end rally were not adverse to cashing in some of their profits. Steels and assorted industries slipped without much resistance.

The run-up in "telephone," which jumped more than six points at the best mainly on short covering and a little investment purchasing, buoyed the list after an opening retreat.

The lack of inspiring qualities in the news tended to revive speculative caution and drive many traders to neutral ground.

The spurt in the telephone issue was attributed mainly to the belief of many in Wall Street the one-man recommendations of the United States Federal Communications Commissioner might mean the full board is not in accord on the final summary of the lengthy investigation of this company which is yet to be presented to the United States Congress.

Unsettling was a slump in wheat futures at Chicago and other centres to new seasonal lows. The cereal was off 1⅛ to 2⅛ cents a bushel. Corn fell 1 to 1⅝.

# Moderate Trading But Prices Firm

MONTREAL (CP)—Apart from some weakness in interlisted issues, stock prices held their ground in moderate trading on Montreal stock exchange today.

International Nickel finished down more than a point, and Smelters was of a large fraction. Brazilian slipped a fraction in the utilities, but Bell Telephone climbed four and Montreal power and Shawinigan gained about ⅛ each. Papers were fractionally off, including Bathurst, Price Brothers and St. Lawrence Corporation.

Steel of Canada was up a couple. There was a loss of ⅝ for Canadian Car and Foundry.

# Better Prices For Industrials

TORONTO (CP) — Mild weakness in the mining list and slightly better prices for the industrials marked today's session of Toronto Stock Exchange. Turnover was about 675,000 shares.

MacLeod-Cockshutt Gold traded 50,000 shares and an early gain of 20 was halved. Lake Shore, Dome, O'Brien, Sylvanite, Moneta and San Antonio registered minor recessions. Nickel, Hudson Bay and Smelters closed down fractions to a point.

The Turner Valley Oil Market was dull. Royalite posted an advance of about ¾ while Calgary-Edmonton, Home and Okalta lost some ground.

Some of the early gains in the industrial section were trimmed. Implement shares ruled strong.

Senior oil issues, British American, Imperial and International Petroleum, recorded minor net advances.

## The Size of Pluto

How big is the planet Pluto? How far is it from the sun? Those are two questions which have come to me about the farthest known planet. A nine-year-old boy wrote me a letter in which he spoke of Pluto's size. In one place he had read it was about the size of the earth, in another place that it was the size of Mercury.

Pluto entering the lower regions.

Pluto was found eight years ago, on a photograph taken through a telescope. It was named in honor of an ancient god who was supposed to have power over people in the underworld.

The exact size of Pluto is not known. We do know, however, that it is not nearly so big as Jupiter, Saturn, Uranus or Neptune. If it had one-fourth of Jupiter's diameter, it could be seen plainly with large telescopes, despite its great distance.

My friend Prof. C. M. Huffer, of the University of Wisconsin observatory, says the 200-inch telescope now being built may, or may not, give us the means of learning the exact size of Pluto.

"If Pluto has a diameter as great as 10,000 miles," said Professor Huffer, "the 200-inch telescope will help in measuring it On the other hand if Pluto has a diameter as small as 2,000 miles, the new telescope will not make it possible to obtain an exact measurement."

Until the exact facts are learned, we may say the planet Pluto probably is not much larger than the earth, and it may be smaller. Possibly it is as small as Mars or Mercury.

Pluto is not always the same distance from the sun. In some years it is farther away than others. Its average distance from the sun has been estimated at 3,700,000,000 miles.

What does that figure mean? Perhaps we can answer best by imagining an airplane trip from the sun to the earth, then on to Pluto.

We have airplanes which can travel 400 miles an hour. Let us suppose one of them could speed from the sun to the earth. To reach us, the plane would need to keep going about 26 and a half years. In that time, it would cover close to 93,000,000 miles.

To speed from the sun to Pluto, the airplane would have to travel about 1,056 years. The aviator would be a little bit old by the time he got to Pluto!

# Dorothy Dix's Letter Box

DEAR MISS DIX—I love my mother-in-law. She is a peach. It is fun being with her to shop, entertain, drive and even live with her, and I have done them all. I think she feels the same way about me. This is the way we have pulled it off: When she is at our house the place is her own. She cooks and putters to her heart's content and when she goes I put things to rights and all is well. I praise her cooking and show appreciation for her help. I make her feel that she is an honored guest. In return she opens her heart and home to me, confides in me, encourages me and treats me as a daughter. I only hope when I am a mother-in-law that I treat my daughter-in-law as she treats me.

A DAUGHTER-IN-LAW WHO LIKES IT.

**Answer: Fine. Would that were more young wives who followed your example**

Granted that there are too many possessive mothers who can't bear to give their sons up to any other woman, there are an equal number of girls who go into marriage with a chip on their shoulders for their husbands' mothers and are ready to fight at the drop of a hat. They show no sympathy of understanding for the older women. They flaunt their power over their husbands in their faces. They make no effort to get along with them.

**While her husband may be weak enough to give in to his wife against his mother for the sake of peace, he never fails to resent it in his secret heart. His love for his mother is at the very root of his being and a wife tries to destroy this at her peril. Nothing kills a man's love for his wife so quickly as for her to treat his mother badly, and nothing increases it more than for her to be good to his mother.**

The mother-in-law and daughter-in-law relationship can be a very beautiful and helpful one to both, and it is a pity that more women have not intelligence enough and good feeling enough to cultivate it.

DOROTHY DIX.

# HOROSCOPE

TUESDAY, APRIL 5, 1938

Astrologers read this as an uncertain and confusing day in planetary direction. It is more fortunate for those who have attained success than for those who seek it.

While the mind under this configuration should be reasonably poised, it may be subject to disturbing fears regarding business and governmental policies.

For constructive and developing activities there is a good sign. Many new homes are to be built. Modern architecture will contribute to the beauty of small town and big cities.

Women are subject to evil portents that seem to presage many business changes and professional disappointments. Owing to the world unrest and military expansion, changes will be far-reaching in 1938.

Bad news regarding a foreign nation's relation to the United States is forecast. There is a sign supposed to indicate deception and secretly-hostile machinations.

Divorce will the subject of world-wide comment, due to a celebrated case involving famous persons.

Political assassinations in Europe are prognosticated. One of them will be of deep concern to Russia.

The stars appear to warn that deception will mark many protestations of friendship between foreign rulers. The chess board of Europe will show exceedingly hazardous and unfair games.

Persons whose birthdate it is have the augury of a year of activity attended with success, but care should be exercised to avoid scandal which will affect young and old alike.

Children born on this day probably will be exceedingly bright and energetic. Subjects of this sign may be studious and exceptional in their strength of character.

Elihu Yale, philanthropist, was born on this day, 1643. Others who have celebrated it as a birthday include Algernon Swinburne, English poet, 1837; Jonas Chickering, manufacturer, 1797, and Frank R. Stockton, author, 1834.

## Arrives Here On Long Tour

**Edythe Serai of New York Had 24-foot Railway Ticket When She Left Home**

Edythe Serai, dynamic French-born public relations counsel for New York City's Hotel Edison came to Victoria yesterday and immediately started seeing the sights and meeting all the people she could, so she will be able to put this city and its surroundings into a travel talk she will give over the air from Radio City when she returns there at the end of the year.

For 10 months Miss Serai has been traveling. She has visited dozens of cities in Canada and the United States and she never gets tired of living out of a suitcase, she said this morning. When she started out from New York her railway ticket was 24 feet in length — not to mention all the smaller tickets for various side-trips.

Her ticket now is about 17 feet in length and it will be used up gradually as she works eastward across the continent.

She will remain at the Empress Hotel three or four days. She does not believe in rushing into a city and leaving after a few hours. In some cities she remains 10 days or two weeks.

Miss Serai was born at Rouen and before taking up her present position was advance agent for various theatrical companies. She has been traveling for years and her interest in places and people never wanes.

"I had heard about Victoria's slogan, 'Follow the Birds'," she said today, "and sure enough there were the birds to greet me as I arrived off Victoria."

## Quarantine Dock To Be Repaired

Contract of $16,392 for repairs to the wharf and breakwater at the quarantine station at William Head has been awarded to the Victoria Pile Driving Company, according to word received from Ottawa this morning.

Work will start about mid-April and will take some weeks. The wharf will receive a new superstructure throughout.

## Sealing Fleet Has Big Catch

ST. JOHN'S, Nfld. (CP)—First of the Newfoundland sealing fleet to return from the northern hunt, the Terra Nova and Neptune arrived in port today with a total of 37,400 pelts.

Reports from the remaining vessels indicated the catch was nearing the 200,000 mark, well over the 113,000 taken last year.

## "War" Clouds Over the Mediterranean

This may be a surprise, but when warships lay down a smoke screen to hide their manoeuvres, the smoke comes out of a contraption such as pictured above, rather than from the ships' funnels. At least that's the way the French do the job, for the destroyer pictured above is part of France's fleet now engaged in "war games" in the Mediterranean—unusually important this year because of the Spanish crisis. Note the two vessels at the left, poking their prows out from behind the screen, which seems surprisingly dense considering the small size of the smoke machine.

## Waterfront Notes

King Brothers expect the Furness motorship Pacific Exporter from the United Kingdom tomorrow evening. She will go to Seattle first and leave there at noon. For this port she has passengers and cargo.

The British freighter Warkworth and Glenmoor are today at the Ogden Point piers taking lumber cargoes for the British Isles.

Ss. President Jackson of the American Mail Line will sail from Seattle for the Orient on Saturday, but whether or not she will call at Victoria on her way to sea is not yet known here.

Robert N. Cumberbirch has been named head of the shipping department of Rithet Consolidated Limited, to succeed the late A. E. Shanks. Before joining the Rithet firm, he had shipping experience in the office of the general manager of the B.C. Coast Service and also served for a time with the Esquimalt and Nanaimo Railway.

Lamar Mulliner, well-known purser of the Puget Sound Navigation Company's fleet, sailed from Victoria Saturday afternoon by Ss. Empress of Canada, starting a voyage around the world. He has served on many of the company's ships and recently was on the streamlined Kalakala.

Inbound from Australia and New Zealand, via Suva and Honolulu, Ms. Aorangi is due here Thursday evening or Friday morning, depending on Pacific weather conditions. She is bringing a large list of passengers, most of whom are en route to European countries.

## GEN. FRANCO'S FORCES DRIVE THROUGH TOWNS

(Continued from Page 1)

with France on the north, and towards the Mediterranean coast in the southeast, menacing Catalonia with isolation and conquest.

This morning, insurgent dispatches said, virtually all of Lerida was occupied, although some points of resistance remained.

The militia still waged guerilla warfare against the insurgent advance guard, striving to slow the advance until the new government line of defence could be reinforced, between Balaguer and Borfas, cutting the highway about 12 miles to the east.

By ROBERT OKIN
Associated Press Foreign Staff

With Government Troops in Eastern Spain—The Spanish government's best troops fought stubborny today to stem the relentless advancing insurgent tide along two main roads to the sea.

Last night I watched government troops, after fighting day and night for 20 days, move up again to the heights on the Tortosa road about halfway between Gandesa and Tortosa (hence about 12 miles from the Mediterranean).

Earlier I visited the section defending the Gandesa-Tarragona road. Government forces were at Mora la Nueva, 11 miles west of Falset, only 12 miles from the sea.

In this sector I met five Americans and one Canadian with an anti-aircraft unit. They were tough, well-trained and determined, and chattered about recent fighting. The Canadian was Frank Hadesbeck of Calgary.

MADRID (AP) — Wrecking crews today moved swiftly in the wake of ambulances to clear away the destruction from Sunday's artillery mobardment of Madrid, worst of the civil war, and which took 50 lives.

The salvage crews, mobilized after the manner of fire and police departments and operating by wards and districts, had as their first concern a search for charged wires, the replacing of twisted street car rails and the filling of craters caused by the huge torpedo-like shells, which rained on the city from heavy stationary insurgent batteries in the former Royal Park west of Madrid.

## DOWN THE GANGWAY

Ss. Empress of Russia, Capt. J. F. Patrick, came in from the Orient this morning, after a good voyage across the North Pacific from Yokohama, her last port-of-call.

Capt. Patrick said the weather had been spring-like all the 4,000 odd miles, which took the ship in sight of the Aleutian Islands.

Aboard in all classes were 258 passengers, 25 in the first class, 55 in the tourist and 178 in the third class. Nineteen of the passengers were children and three were infants.

After setting down local cargo and mails the liner proceeded to Vancouver.

Robert Craigie, Jr., 13-year-old son of Sir Robert Craigie, British Ambassador to Japan and Lady Craigie was a passenger aboard the Russia, en route to Eton College, where he will study for the next four years.

Young Craigie has been living at the British Embassy in Tokio for about a year. Like his father and his maternal grandfather, who was in the United States diplomatic service, he is headed for the foreign service of Great Britain.

On his trip to England he is accompanied by Ian Morrison, attache at the British Embassy, who is going to London on furlough.

Home on six months' leave, George Costello, Oriental general passenger agent for the Canadian Pacific, with headquarters at Hongkong, arrived aboard the Russia, and was met here by Mrs. Costello, who arrived four weeks ago by Ss. Empress of Japan. They will spend about four months in Victoria and Vancouver before proceeding to Montreal, where Mr. Costello has business.

Thrilled and excited at being in the "new world," as they called it, Richard Chinsky 14, and his brother Dennis, a year younger, were aboard the Russia en route to the Catholic Children's Bureau at Philadelphia. They were born in Shanghai, where their parents are now living.

"This is the newest part of the world, isn't it?" Richard asked, as he looked at Victoria over the Russia's rail.

Professor the Rev. Henry E. Kendall of St. Edward's College, Oxford, England, came ashore from the Russia here and went to Brentwood College, where he will spend a few days. He is on a trip around the world, and will cross Canada to Saint John to sail by the liner Montrose in mid-April.

Eight of the children aboard the Russia were members of two families—four in each. The four Whiston children traveled with their parents and the four Ceralde children were with their mother. They took some watching, for none of them is over seven, but kindly stewardesses did their part and kept the children out of any serious mischief.

Others aboard the Russia were J. H. Tipp, of the Luzon Stevedoring Company, at Manila; Rev. James McGiverin of De la Salle College, Manila; J. C. Fleming of Butterfield and Swire, Hankow; Major C. D. V. George of Kuala Lumpur, F.M.S.; Ivor Watson, connected with the Royal Insurance Company of Bombay; J. E. Kenderdine, with Blundell and Company, Osaka; L. H. Wilson, vice-president of the Carnation Milk Company, en route home to New York with Mrs. Wilson, and Mr. and Mrs. Carl Schmidt of Hanover, Germany, former residents of Shanghai, who are on a world voyage.

In the United States, every effort is made to conserve wild life in the national forests and in the 19,000,000 acres provision is made for the exclusive grazing of game.

## CANADIANS WISH TO LEAVE SPAIN

(Continued from Page 1)

members of the Mackenzie-Papineau Battalion. They had been holding the Tarragona front in eastern Spain and were rushed last week to the Alcaniz sector, where their losses, according to prisoners, were heavy.

**DESIRE TO LEAVE**

Cunningham said almost all the volunteers "want to leave" Spain. He said they were "kept at the front without ceasing, always in the worst spots, and because the Spaniards feared we would flee; we were closely watched.

Even those whose political ideals have not changed, he said, "are disgusted at the effort asked from us."

The 25-year-old salesman said he had come to Spain 13 months ago through the intermediary of a committee for aid to Spain.

Dufour, who reached Spain about eight months ago, said: "I'm 19 and a native of Montreal. . . .

"All the men are exhausted. We had almost no trucks left and made forced marches. The supply difficulties are considerable, because of the diversity of armaments."

Croll told the Associated Press he came to Spain last June, while Mueller said he was a native of Switzerland. He reached Spain via New York and France two months ago.

## NOISY SCENE STAGED IN BRITISH COMMONS WHEN MEMBER HIT

(Continued from Page 1)

"Is it in order," John McGovern, Independent Labor, called back, "for one honorable member to tell another to go to another country, suggesting that he belongs to Poland?"

**OUTSIDE FOR HALF**

Mr. Shinwell walked quickly out of the House, stayed outside for about half a minute and then returned to take his place on the front Labor bench.

"I have been grossly insulted," he exclaimed, still unrepentantly. "I was born in this country. I am a British subject. He has no right to make such a statement. It seems to me I took the only way open."

The speaker again intervened. He had not, he said, distinctly heard Commander Bower's remark and thought it better under the circumstances to ignore what had happened.

Mr. Shinwell: I recognize the action I took was taken in a fit of temper. Nevertheless I think there was some justification for it. I beg humbly to apologize to you, Mr. Speaker."

**BOWER'S STATEMENT**

Commander Bower explained his remark was not meant to be taken as derogatory. He would have apologized to Mr. Shinwell if the Labor member had had the courtesy to wait. He said he would like to apologize to the House. Mr. Shinwell, he added, by his action had done himself a good deal more harm than good.

The House then turned to another question.

Mr. Shinwell, former Minister of Mines, defeated the late Ramsay MacDonald in the 1935 general election in the Seaham division of Durham. He was born in London 54 years ago.

Mr. Shinwell formerly was a union organizer and was first elected to parliament in 1922.

Comander Bower, a veteran of naval service in the Great War, is 43, and a holder of the D.S.O. decoration. He sits in the House for Cleveland, Yorkshire.

Commander Bower stands well over six feet in height and has broad proportions. While in the navy he was a heavyweight boxer.
